The city of Bay St. Louis, Miss., is not worried about the threat to Gulf waters from a proposed industrial park. The city's health department, which is responsible for the city's water supply, said it would continue to monitor the water quality and would take action if necessary. The city's health department, which is responsible for the city's water supply, said it would continue to monitor the water quality and would take action if necessary.

These tests were taken in water off the beach. Pollution counts drop considerably, said, if you take the tests farther from the beach allowing the water to sound to disperse the pollutants. Kidd said that the city's own tests around the swimming area of St. Stanislaus College were taken 1,300 feet from the beach where the water was usually deep enough to swim and that water quality was well below the minimum requirements.

St. Stanislaus College. The college's water supply is not hooked into the city's sewer system and are completely emptying raw untreated sewage into storm sewers that flow down to the beach. Tests conducted by the Air and Water Pollution Control Commission in late January and early February showed that fecal coliform counts in water around St. Stanislaus College were way above a log mean of 200 per 100

City school board hears students

Bay High School students had their say Monday night when a contingent of seniors presented the board of trustees with a lengthy and concise list of suggestions for revisions and reform of school administration. An attempt to put the group off was made at the conclusion of the board's regular business session, although the students had received prior permission to address the board. However, urging by a parent for the group "to have their say" was conceded.

Following some discussion of the recommendation, Breland named a committee to meet with the student group to further pursue the matter. Trustees asked to meet with the committee were Mrs. Joseph Gex, Emile Hazeur and Robert Hamilton. Three school administrators would also be included, Breland said, and on a suggestion from a parent, the students would name three additional adults of their own choosing.

Bay Bridge Festival to show artists at work

Cakes, pies and handcrafted items will be sold by the Altrusa Club of Bay Saint Louis-Waveland at a Bay Bridge Festival slated for May 18-19 at the St. Augustine Seminary gym in Bay Saint Louis. Gulf Coast Crafts Guild will send 15 talented artisans to demonstrate the potter's wheel, stained glass work, bread dough creations, sculpturing, china painting and weaving on a spinning wheel. Many antique dealers from the Coast region, Picaune, Poplarville, Metairie, New Orleans and Bogalusa will sell antiques and collectors' items. Local participating artists and antique dealers include Mrs. Dianne Douglas, Mrs. Juanita Ward, Mistletoe Antiques, Hiway 90 Trading Post and Herbie Pursley. Among other dealers participating are Alice's Attic of Poplarville, Trader Smith of Long Beach, Blue Willow Antiques, Lamp Post Antiques and Mrs. Roy E. Estes, Antiques from Picaune. J. & M. Hobbies and Mrs. Irma Hiller, Antiques from New Orleans, R. P. Bordelon Antiques and Mrs. Jessica Monroe, Antiques from Metairie, La., Old Variety Shop of Bogalusa and many others.

Tickets for the show may be purchased in Waveland at Jerry's Candle Shop, and in the Bay at The Princess Shop, The Little Museum, Hancock Insurance Agency and Merchant's Insurance Agency, or at the door Saturday.

Assessors fight legislators

Efforts continued this week to get clarification on a controversial piece of legislation which grants exemption from any and all ad valorem taxes on homesteads to heads of households 65 years of age or older or to veterans with one hundred percent service connected disability.

Bay-St. Louis tax commissioner Clarence Ladner said that his office and county assessor George Heitzmann were still trying to determine how many residents of the county the new legislation will effect.

Local taxing units are concerned over the loss of tax dollars under the new law which makes no provision to recoup what they claim will be thousands of dollars of revenue.

Under provisions of the bill local taxing units are allowed to withhold one mill from the four mill ad valorem tax assessed by the state, but this one mill is to be divided between such municipality and the county within which the property is located in proportion to the loss borne by each, and officials claim this is only a drop in the bucket compared to the losses they face.

Members of the Gulf Coast Municipal Officers' Association meeting in Pass Christian Monday night passed a resolution calling for a special session of the state legislature to resolve problems created by the bill.

Ladner said that another problem posed by the bill was the failure of the legislature to set a cutoff date for filing for the homestead exemption.

"As far as I know," Ladner said, "there isn't any deadline for filing for

the new exemption so it's almost impossible for us to draw up any kind of a tax roll or prepare a budget for the coming year."

Ladner said that the regular deadline for filing for a homestead exemption under the old law was April 1.

"Heretofore we have been starting in May composing tax rolls, but because of this exemption we are behind time

now."

Ladner and other tax commissioners are in favor of the legislature making immediate provision for appropriating funds to reimburse local governing units for losses incurred.

An alternate measure he hinted might be to increase assessment on all under 65 years of age or reassessment of property of those over 65.

In addition, Travirca voiced dissatisfaction with production by the Houston-based firm's three operations at the industrial park. Charles Hill, a former Port and Harbor director, is president of Jackson Landing Shipyard, Inc., J. L. Fabricators, Inc. and Port Blenville Terminal, all three incorporated firms operating under a parent company of investors.

In June 1973 when the shipyard contract was signed, Hill promised initial completion of the dock in 120

days and topside repair would begin on an anticipated 20 to 30 barges within three weeks. A national steel shortage has been attributed as cause of delay in production. Construction on the shipyard is still not complete and only one barge, docked at the wharf since February, has been received.

On Jan. 28 this year, the company signed a lease agreement for a section of P&H railroad track to store some 20 to 30 railroad cars to be repaired by J.L. Fabricating Co., a second subsidiary firm at the park. Work on the cars would begin immediately, Hill said at that time, as the new subsidiary company had a back order for the cars waiting to come in.

So far, only one railroad car has been received at the industrial park the first of May.

The third company, Port Blenville Terminal, was contracted to operate the county's public dock and wharf facility at the industrial park, which is also well behind schedule. Company officials complain that the terminal building, promised in January has only arrived this month, and the dock is still not completed. Construction of the dock facility is under county supervision and funding.

Three men being held in Hancock County Jail were released to Picaune authorities Tuesday morning to face charges of possession of burglary tools and carrying a concealed weapon.

Sheriff Sylvan Ladner said John Russell Bevers, 28, Garland, Texas; Larry Lynn Wallace, 28, Chula Vista, Calif.; and Carl Don McLaughlin, 32, Dallas, Texas were released after posting a total bond of \$950.

The three were arrested early Saturday morning in front of Miller's Trailer Park on Hwy 90 after a request from assistance from Picaune police. Ladner said that Picaune authorities called the sheriff's office and asked that he try to apprehend a blue and white Dodge Charger automobile traveling on Hwy. 43 toward Bay St. Louis. The caller said that the auto had outran Picaune police units and that suspects in the auto had thrown out burglary tools and a 38 Smith & Wesson snub nose revolver.

The three were booked by Hancock authorities for possession of marijuana and drug paraphernalia after a small amount of the drug was found on the three suspects.

Ladner said that the three were also wanted by authorities in Sildell, La. and Dallas, Texas for burglary and larceny. A South Central Bell Telephone company investigator said that Wallace had jumped bail in Dallas after his arrest in February 1972 for the picking of over 200 pay phones in Dallas. Wallace, he said, could be extradited back to Dallas for the offense, however, the investigator said he was not sure.

A Hancock County official said that he doubted that the three would return to Bay St. Louis to face charges on the drug arrest.

Travirca clarifies stand on Port and Harbor controversy

by Adoree Shortle
Echo News Editor

Hancock County supervisor James Travirca clarified his position on a recent controversial Port and Harbor matter in an interview with the Echo Tuesday.

Some dissension arose among members of the county board at a Monday meeting over acceptance of an offer from Jackson Landing Shipyard Co., now located at the industrial park, for a lease option on 132 acres of waterfront property adjacent to the shipyard. In a resolution dated April 29,

the Port commission accepted the company's proposal to exercise their current option on 50.7 acres of land adjacent to the shipyard on lot 5-B, as well as a six-month option on lots 1 and 4 (about 132 acres) at a price of \$2,500 per acre. A required 10 percent option payment was also included.

Although supervisor Jerry Ladner favored ratification of the commission's resolution, Travirca was vociferous in his objection to accepting the shipyard firm's proposition without further negotiation.

His primary objection to the offer,

Travirca said Tuesday, is that the company has not shown "anything in writing" to indicate projected utilization of the three parcels of land.

Refuting allegations that a personality conflict had influenced his decision, Travirca said, "I feel those lots are too valuable as waterfront property (for the board) not to be given some details for use. All we've gotten is words, no plat plans or specifications, no prospectus or anything to indicate what the company will do with it. I also feel that \$2,500 is not an equitable price for this land."

The offer, as approved by the commission, is ambiguous and vague as to intent, Travirca said, and does not include any protective wording for the Port and Harbor covenants.

In addition, Travirca voiced dissatisfaction with production by the Houston-based firm's three operations at the industrial park. Charles Hill, a former Port and Harbor director, is president of Jackson Landing Shipyard, Inc., J. L. Fabricators, Inc. and Port Blenville Terminal, all three incorporated firms operating under a parent company of investors.

City promised fast action

Engineers for the firm of Broadway and Seal, Picaune, met with Mayor Warren Carver Tuesday morning and promised to begin work immediately in preparation for submitting proposals for street repair work within the city at the council's regularly scheduled meeting next week.

The project will include the resurfacing of approximately eight to ten streets within Bay St. Louis following a priority of greatest need.

The engineers said they did not feel they could use the plans of previous city engineer Jimmy Chiniche who was paid \$3,800 to do a study of the streets several months ago.

The city received one bid from Tri State Contractors for the advertised street repairs using Chiniche's plans. Chiniche recommended that the city throw out that bid saying he felt it was much too high.

"We believe that the city will find that the difference in our plans will more than pay our fee," said Buddy Broadway.

Elders are honored by the president

May has been officially proclaimed Older Americans Month by both President Nixon and Governor Waller. President Nixon reminds America that there are 20 million who now belong to the ranks of elderhood and that

number is growing yearly. In Mississippi, Governor Waller calls attention to the quarter million Mississippians...one out of ten who are Senior Citizens. It's not enough to cite statistics and recite facts, there are ways you can help.

Join the corps of Volunteers for Elderhood! Write to the Mississippi Council on Aging, P. O. Box 5136, Jackson, Mississippi for information.

Waveland Junior Auxiliary, Brother Timothy of St. Stanislaus and members of the school's Honor Society will

execute all stage sets and as a special fillip, one of jazz great Pete Fountain's clarinets will be given as a door prize.

87, and Mother of the Year

Mrs. James A. Evans was honored as Mother of the Year by residents and personnel of Gulf Coast Convalescent Center Sunday May 12 during that group's observance of Mother's Day.

A resident of Bay St. Louis for 50 years with her husband, Dr. James Evans, now deceased, Mrs. Evans received an inscribed plaque from Ernest Melvin, president of the Harrison County board of supervisors and a white orchid from the Biloxi Senior Citizens Activities.

Present for the ceremony were Mrs. Evans' two children, a daughter, Mrs. W.R. Pitcairn Jr. of Bay St. Louis, with her husband and two children, Bill III and Valda; and a son, James A. Evans III, of New Orleans with his wife, Mary, and their three children, Tom, Cathy, and Scott.

During her long residence in Bay St. Louis, Mrs. Evans served in many civic affairs. She was a founder and remains a life member of the Bay-Waveland Garden Club, active in Easter Star work and served as Worthy Matron, and active in the Bay High P.T.A. serving as president among other offices.

While her daughter was in Girl Scouting, Mrs. Evans served as member of the Troop Committee which was instrumental in organizing the first Girl Scout troop in the area.

A member of United Methodist Church, Mrs. Evans served as Flower Chairman for 37 years.

She held many offices in the W.S.C.S., now the U.M.W. At one time she was Treasurer of the Mississippi Conference Woman's Society. She also held many offices in the local group over the years and is a life member of the U.M.W.

Bishop to deliver invocation

JACKSON, Miss.—Bishop Joseph Lawson Howze, auxiliary Bishop of the Diocese of Natchez-Jackson, Mississippi, will deliver the invocation at the Jackson State University Commencement Exercises, Sunday, May 27. The exercises will begin at 10:00 a.m. in the Mississippi Coliseum.

Bishop Howze is a native of Daphne, Alabama. He received his grammar and high school education in the public schools of Baldwin and Mobile Counties, Alabama. He graduated from Alabama State Junior College at Mobile in 1946, and from Alabama State University in 1948. He taught biology and chemistry in the Mobile Public School system and at St. Monica High School in Tulsa, Oklahoma.

Bishop Howze began his studies for the Catholic priesthood for the Raleigh, North Carolina Diocese in 1953. He was ordained to the priesthood on May 8, 1959, and offered his first Mass of Thanksgiving at the Most Pure Heart Mary Church in May, 1959.

From 1959 through 1972, Bishop Howze served as parish priest and pastor in Charlotte, Southern Pines, Sanford, Durham, and Asheville, North Carolina.

Bay Hi seniors ask school changes

The following recommendations were presented to Bay-Waveland Municipal School trustees and administrators May 13 by Bay High senior representatives:

THE SYSTEM OF AVERAGING GRADES FOR CLASS STANDING

In the present system of averaging grades for class standing the student can suffer inaccuracies in two ways:

1. In the assigning of a set value for all letter grades which is not based on the actual numerical value received by the student in class.

2. In averaging the semester grade rather than the final grade received for the course.

The question is, are these inaccuracies acceptable in the calculation of such an important rating in the student's educational career?

In order to obtain an accurate average of high school work by a student, we propose that the final numerical grade given a student in class be recorded on his report card and, in turn, recorded on his permanent transcript. This procedure would provide not only a more accurate basis for calculating a student's high school average, but also a much easier one.

THE MERIT LIST

When it was first introduced about five years ago, the Merit List's main purpose was to give those students who did not excel in academics or athletics a chance for some recognition.

The more questionable aspects of the Merit List are:

1. Students are not allowed to know the number of points they have earned;

2. Points are added for participation in a major sport but not for academic achievement;

3. Over the years, sophomores and new students have consistently been left in the dark about the Merit List; and,

4. The Merit List's regulations clearly states, "Points may be added to any student who makes an 'outstanding' contribution to the school," and "Points may be subtracted for reasons not listed if an offense is considered serious enough to compare with those listed."

The question at hand is who is to say how outstanding a contribution must be to receive points and how serious an offense must be to merit deduction of points.

Proposals for the revision of this system are as follows:

1. Responsibility of the Merit List be given to the Student Council, and a roster of workers be drawn up to total the points of each student. These totals would be inspected by the officers of the Student Council. If any con-

troverary arises to the number of points a student has earned, his records would be made available to him;

2. At the end of every six weeks, two points be granted to each student on the Alpha Honor Roll and one point to those who make the Beta Honor Roll;

3. That a detailed explanation of the Merit List and its regulations be published in the Guide for Tigers; and,

4. A reviewing committee be formed to decide whether a contribution merits points and, if so, how many; this committee would also decide the seriousness of any offenses.

DISCIPLINE

We would like to offer some suggestions about school policies regarding suspension of students. We believe suspension is a penalty not to be taken lightly. While readily conceding that suspension has a place in the school's disciplinary system, we find two major faults in the system as now administered.

First, suspension is awarded on the basis of suspicion of guilt, not on the basis of proof. This serves to disillusion students about the democratic process—which we have been told assumes that a person is innocent until proven guilty beyond a reasonable doubt.

Second, the policy of suspending students for excessive tardies and absences, without a hearing as to cause, seems both unfair and illogical. Under the present system, after a certain number of tardies, whether justified or not, all future tardies, again whether justified or not, are considered unexcused. After a certain number of unexcused tardies, and bear in mind that no inquiry is made regarding legitimacy of the tardiness, the student is suspended for a period of up to two days. This amounts to sending a student home for trying, although tardy, to go to school. Is this logical?

THE SENIOR TRIP

During May of 1973, students of the Junior class approached Mr. Magee about possibilities of a senior trip for their class the following year. Mr. Magee immediately told the students that he doubted the school board would even approve such a trip. Nevertheless, the students persisted, asking how much money was in the class fund. Mr. Magee replied that he did not know, but would check into the matter. Later that month, Mr. Magee informed the students that there was in the neighborhood of eight hundred dollars in the class fund.

During the summer, the students researched the financing of the trip, and went to Mr. Magee to request again that the matter be brought before the school board. Mr. Magee, at this point, told the students that the senior trip which they spoke of was entirely out of the question.

The problem here is that the students had no way of knowing whether or not the matter was ever brought before the school board. In short, the channels that students are supposed to go through to bring matters before the school board were totally ineffective in this situation.

indicated with reference to the financing of student activities, i.e., that the student council be allowed to determine order of preference regarding student activities, or preferably,

3. The policy described in the Guide for Tigers be followed.

CLASS RINGS AND INVITATIONS

HERFF JONES

For the last several years, the selection of class rings and graduation invitations has been by the school officials and bought exclusively from one company. Their procedure has resulted in some dissatisfaction among students as regards to quality and cost of the products selected. Last year this dissatisfaction led many students to buy class rings elsewhere.

We recommend that a committee of students be elected to select, with the cooperation of the administration, the company from which the class rings and the graduation invitations come. We believe that this would lighten the load on the administration and assure student support.

1973-74 JUNIOR CLASS FUND

With the termination of the Junior class fund-raising activities for the prom, there was a balance of over \$1000. Students in the Junior Class asked Mr. Magee in May of 1973 how much money was in their class fund and were told they had a balance in the neighborhood of \$800.

During their senior year, those students again asked how much money their fund contained and were not given a definite answer. This subject was brought up during a school board meeting in April. Three weeks before the end of school, which is not enough time to plan the money to be spent as a school activity, the president of the Senior Class was told by Mr. Magee that the Senior Class had \$1094 to spend at its discretion.

In order to prevent such incidents in the future, we would recommend that all class funds be tabulated by class officers and that those records be open to them at any time.

STUDENT ACTIVITY ASSOCIATION FINANCE

What constitutes the Student Activity Association Finance? What allotments are made? Who authorizes expenditures?

We recommend that:

1. Students be given a clear idea of the money available to them for their activities through Student Council officers,

2. A more definite policy be

City schools meet rating standards

J. D. McCullough, superintendent of Bay-Waveland public schools, announced this week that all schools in the Bay-Waveland School District were clear of all deficiencies and were given A-A-A school accreditation ratings by the Commission on State School Accreditation, State Department of Education, Jackson, Mississippi.

These ratings were instituted during the recent spring meeting of the Commission on School Accreditation, for the 1973-74 school session.

DO YOU HAVE A DRINKING PROBLEM?

Help is available through Alcoholics Anonymous for the problem drinker, and through Al-Anon for his or her family. Call 467-4414 for AA and Al-Anon information.

Al-Anon meets Mondays, 8:00 P. M., St. Augustine Seminary cafeteria.

Our Town

Cast members for the Coast Episcopal High School production of "Our Town" pause during a recent rehearsal at St. Rosenthal gym in Bay St. Louis, where the play will go on the boards May 23 and 25. From left, Lynn Cooper, Dawn Vaughan, Bill Kulick and Regina Castelli. The play is open to the public and curtain is 8:30 p.m.

A matter of interest

All outstanding Series E and H United States Savings Bonds are still earning interest, regardless of their age. Savings Bonds now on sale enjoy a 10-year extension privilege beyond initial

maturity—5 years for E Bonds, 10 years for H Bonds. Older E and H Bonds have had their "lives" prolonged by one or more 10-year extensions. And U. S. Savings Notes—Freedom Shares—have been granted a 10-year extension beyond their initial 4½-year

maturity. Certain series of Savings Bonds have been removed from sale, however, and are no longer earning interest. They are—Series A-D, which were issued from March 1935 through April 1952, final issues of which ceased earning interest on April 1, 1964, and Series J and K, which were issued from May 1952 through April 1957, final issues of which stopped drawing interest on April 1, 1969.

DEATHS

CHESTER LEE BOUCHEE

Chester Lee Bouchee, 23, a native of Bay St. Louis and resident of 7343 Dante Street, Chicago, Ill., died May 8. Born September 24, 1950, he was the son of Mr. and Mrs. Jesse Bouchee Sr. of Chicago and grandson of Mr. and Mrs. Joseph Harris, Bay St. Louis. Survivors include his wife, Mrs. Chester Bouchee, Chicago, two daughters; six sisters and three brothers.

Funeral services were held Sunday at Roberts Temple Church of God in Christ followed by interment in Burr Oaks Cemetery with Bishop Roberts officiating. Taylor Funeral Home, Chicago, was in charge of arrangements.

JOEY NOLAN LADNER

Joey Nolan Ladner, day-old son of "Nolan" Joseph and Diantha Moran Ladner, Rt. 1, Bay St. Louis, died at 2 p.m., May 11 at Lucius Olen Crosby Memorial Hospital, Piquette. Survivors, in addition to his parents, are his paternal grandparents Mr. and Mrs. Nolan Joseph Ladner Sr. and Maternal grandmother Mrs. Agnes Moran.

A graveside service was held Sunday afternoon at Bayou Coco Cemetery. McDonald Funeral Home, Piquette, was in charge of arrangements.

Competition, whether in sports or community activities, brings out the best in people.

The Mississippi Economic Council, the state's chamber of commerce, offers competition for Mississippi's counties to see if they measure up for the rewards of outstanding community development.

The competition is in the MERIT Program. MERIT means Measuring needs... Establishing priorities... Recruiting manpower... Initiating action for Tomorrow's county.

Industrial recruitment by local communities is often a matter of competition. Counties view the MERIT Program as a means of demonstrating to industrial prospects their progressive spirit and services which make them model counties.

The MERIT Program offers county governments the opportunity to be recognized for their accomplishments and provides incentive for effort in

CEHS Juniors to present 'Our Town'

Thornton Wilder's prize-winning play "Our Town" will be presented, open to the public, by the Junior class of Coast Episcopal High School in Pass Christian May 23 and 25. Curtain is set for 8:30 p.m. at St. Rosenthal gym, St. Augustine Seminary in Bay St. Louis.

The production, directed and produced by Mrs. Gerald Heating, has been double cast with each cast on the boards one night only.

Cast in principal roles are Joe Doussan at Dr. Gibbs;

Leslie Perry and Shirley Forte as Mrs. Gibbs; Bill Kulick as George Gibbs; Amy Daniel and Katherine Johnson as Mrs. Webb; Tom Herold as Mr. Webb; Regina Castelli as Emily Webb.

Lynn Cooper and Pat Rutherford are stage managers.

Ticket donations for the play are \$1 for students and \$1.25 for adults. Tickets can be purchased from any Junior class member or at the door each performance night.

United Way to meet in Meridian

The Mississippi United Way Association will hold a semi-annual meeting Friday at 11 a.m. at the Northwood Country Club in Meridian, according to an announcement by Johnny L. Bearden, president of the state association.

United Fund volunteers and staff members of United Funds and Community Chests are invited to attend. Friday's session of the meeting will be devoted to the ways of improvement of campaigning, budgeting and planning of all federated fund raising and in particular the involvement of volunteers in all facets of the organization.

Saturday's meeting, from 9 to noon will be held at the Holiday Inn northeast in Meridian, and especially designed for information of staff personnel of United Funds and Community Chests in the state.

The state wide association of United Funds was formed two years ago to afford an exchange of ideas for the improvement of campaigns and better coordination between the various independent United Funds of

our state.

Bearden, reelected president at the December 1973 meeting stated that the organization has served to inform staff and volunteers and to make local United Funds stronger and more knowledgeable.

Volunteers and staff personnel from all United Funds and Community Chests are urged to attend.

Reflections

ALL DRESSED IN SUNDAY BEST, choir members of the St. Paul Methodist Episcopal Church in Bay St. Louis lined up for a photo in 1909, with their pastor Rev. Jessie Holmes, far right. The church was located on Goodchildren St. but according to Mrs. Grace Palloade, who submitted the picture, there are not too many Bay residents still around who will remember either this church or the street name, both of which are long gone. Some years ago Goodchildren was changed to Sycamore and the church is now Valena C. Jones United Methodist. Others pictured are, from left, Walter Gilbert, Miss Susie Powell, little Jessie Holmes, Mrs. Stella Meggs, Miss Helen Jacob, Miss Elolse Jacob, Miss Carrie Jacob, organist, Miss Anna Jacob and Prof. J.W. Brown. (Readers are urged to submit photos for use in Reflections. All photos will be returned unharmed at the Echo office.)

Camps near maximum

UNIVERSITY, Miss., Football minded youngsters not already enrolled in one of the training weeks of this year's Ole Miss Football Camp will have to register in the second week's program, head coach Ken Cooper announced Thursday.

"We have 210 campers enrolled for the first week of our camp," Cooper explained, "and that total in football is our absolute maximum."

Cooper pointed out that the program for the second week of football training will be identical with the first week's program. It will be offered as part of the Ole Miss Sports Camp, which will feature baseball, golf and tennis along with football.

Dates for the first week of football are June 1-7. They are June 8-14 for the Sports week.

Cooper, who is the director of both the Football Camp and the Sports Camp, said that over 100 campers have enrolled for the second week of football. Taylor McNeal, defensive backfield coach in

football, is the assistant director.

Even though the registration totals of 36 for baseball, golf and tennis have been reached, applications for these camps will continue to be accepted, Cooper said.

The fourth annual Ole Miss basketball camps, under the direction of head coach Robert "Cob" Jarvis, will be held June 15-21 for girls and June 22-28 for boys.

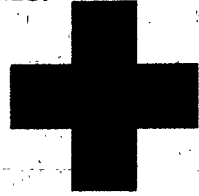

Age limits for the camps are 10-16 and the youngsters will be grouped together by ages. They will live in an air-conditioned dormitory with supervision 24 hours a day by members of the instructional staffs.

Members of the Rebel staffs in the separate sports will serve as camp instructors, with Archie Manning to serve as a guest instructor in football.

The camps are sanctioned by the Mississippi High School Activities Association and the Mississippi Private Schools

Association. For further information, applicants should write: Camp Director, Department of Intercollegiate Athletics, University of Mississippi, University, Mississippi 38677.

Pass High summer school schedule announced

Pass Christian High School has announced its summer school schedule for 1974.

Registration will be held June 3 from 9 a.m. to noon, in the school library. The first semester begins June 4 and ends July 8, and the second semester runs from July 9 through August 9.

Each semester's tuition is payable in advance and students will not be admitted to class until the tuition has been paid in full. Students from other than Pass High or Pass Middle School should present a letter from his or her high school principal stating that the credit earned will be accepted.

If for any reason a student cannot be present and on-time every day, it would be best to not enroll. Saturday, July 6 and August 3, will be make-up days for absentees. All students must be in school a total of 48 days, 2 1/2 hours each day to receive credit for summer work. If a student

must miss a regular day of summer school he or she must attend a make-up class for the day missed.

A maximum of two units may be earned during one summer.

Time required for one unit of work is two and a half hours per day for non-laboratory courses; five hours per day (7 weeks) laboratory courses. This will permit students to enroll in only one course.

Students taking two subjects will be at school from 7:30 a.m. to 12:45 a.m. (15 minute break between classes) each day. Classes will meet five days per week.

The following courses will be offered if the demand is sufficient: English 9, English 10, English 11, English 12, Civics, Mississippi History, World History, American History, American Government, Economics, Fundamental Math I, Fundamental Math II, Algebra I, General Science, Biology,

Physical Science, Driver Education and Physical Education.

Driver Education will be taught first semester only. Tuition: \$50 for 2 units; \$80 for 1 1/2 units; \$40 for 1 unit; \$20 for 3/4 unit; \$30 for Driver Education.

If for any reason a student cannot be present for registration on June 3, he may register in the principal's office on any date prior to that time.

No student will be allowed to register after the third day of each semester.

Cook is graduate

Brenda Cheryl Cook of Bay St. Louis will be among the 473 students receiving degrees in the annual commencement exercises of Mississippi College set for Sunday, May 19.

The services will be held in the City Auditorium in Jackson starting at 3 p.m., with Dr. Earl Kelly, executive secretary of the Mississippi Baptist Convention Board, as the speaker. Dr. Kelly is a graduate of Mississippi

College and will be one of three recipients of honorary degrees. Also receiving honorary degrees will be Mrs. Nannie Pitts McLemore of Clinton and Rev. Perry A. Michel, pastor of the First Baptist Church of Brookhaven.

Dr. Lewis Nobles, president of the college, will present the diplomas, assisted by Dr. Charles E. Martin, vice-president for academic affairs.

Of the 473 candidates, 360 will receive the bachelor's degree and 113 will be awarded the master's degree. Ms. Cook will receive the bachelor of science in education degree.

White honored by Goodwill

In ceremonies May 10th, at the Gulf Coast Rehabilitation Center of Goodwill Industries, Paul M. White, Jr., was honored with the presentation of the Distinguished Service Award for the year 1973-74.

White, a resident of Bay St. Louis and a vice president of Gulf National Bank at Gulfport, is chairman for the local steering committee for Goodwill.

Rodney Gibson, public relations officer, made the presentation at the center in Gulfport. Center personnel

attended the event which climaxed National Goodwill Week.

Goodwill states the steering committee includes persons drawn from the leadership of the community, who give time, money, ability, knowledge and skill to the management of the organization, and act as trustees for those who contribute to the organization.

White was cited for "his devotion of time and effort toward furtherance of Goodwill on the coast."

City schools meet rating standards

J. D. McCullough, superintendent of Bay-Waveland public schools, announced this week that all schools in the Bay-Waveland School District were clear of all deficiencies and were given A-AA school accreditation ratings by the Commission on State School Accreditation, State Department of Education, Jackson, Mississippi.

These ratings were instituted during the recent spring meeting of the Commission on School Accreditation for the 1973-74 school session.

DEATHS

CHESTER LEE BOUCHEE
Chester Lee Bouchée, 23, a native of Bay St. Louis and resident of 7343 Dante Street, Chicago, Ill., died May 8. Born September 24, 1950, he was the son of Mr. and Mrs. Jesse Bouchée Sr. of Chicago and grandson of Mr. and Mrs. Joseph Harris, Bay St. Louis. Survivors include his wife, Mrs. Chester Bouchée, Chicago, two daughters; six sisters and three brothers. Funeral services were held Sunday at Roberts Temple Church of God in Christ followed by interment in Burr Oaks Cemetery with Bishop Roberts officiating. Taylor Funeral Home, Chicago, was in charge of arrangements.

JOEY NOLAN LADNER
Joey Nolan Ladner, day-old son of Nolan Joseph and Diantha Moran Ladner, Rt. 1, Bay St. Louis, died at 2 p.m., May 11 at Lucius Olen Crosby Memorial Hospital, Picayune. Survivors, in addition to his parents, are his paternal grandparents Mr. and Mrs. Nolan Joseph Ladner Sr. and Maternal grandmother Mrs. Agnes Moran. A graveside service was held Sunday afternoon at Bayou Coco Cemetery. McDonald Funeral Home, Picayune, was in charge of arrangements.

Competition, whether in sports or community activities, brings out the best in people.

The Mississippi Economic Council, the state's chamber of commerce, offers competition for Mississippi's counties to see if they measure up for the rewards of outstanding community development.

The competition is in the MERIT Program. MERIT means Measuring needs. Establishing priorities. Recruiting manpower. Initiating action for Tomorrow's county.

Industrial recruitment by local communities is often a matter of competition. Counties view the MERIT Program as a means of demonstrating to industrial prospects their progressive spirit and services which make them model counties. The MERIT Program offers county governments the opportunity to be recognized for their accomplishments and provides incentive for effort in

areas in which improvements need to be made.

Over two-thirds of Mississippi's 82 counties have joined the MERIT Program. This gives those counties a program for improving conditions for their citizens and a method of self-examination for the county on a continuing basis.

Effective county government is not a one-man, one-board effort. It is an effort by ALL the communities for all the citizens.

The MERIT Program is

CEHS Juniors to present 'Our Town'

Thornton Wilder's prize-winning play "Our Town" will be presented, open to the public, by the Junior class of Coast Episcopal High School in Pass Christian May 23 and 25. Curtain is set for 8:30 p.m. at St. Rosenthal gym, St. Augustine Seminary in Bay St. Louis.

The production, directed and produced by Mrs. Gerald Heating, has been double cast with each cast on the boards one night only.

Cast-in principal roles are Joe Doussan at Dr. Gibbs;

Leslie Perry and Shirley Forte as Mrs. Gibbs; Bill Kulick as George Gibbs; Amy Daniel and Katherine Johnson as Mrs. Webb; Tom Herrold as Mr. Webb; Regina Castelin as Emily Webb.

Lynn Cooper and Pat Rutherford are stage managers.

Ticket donations for the play are \$1 for students and \$1.25 for adults. Tickets can be pre-purchased from any Junior class member or at the door each performance night.

United Way to meet in Meridian

The Mississippi United Way Association will hold a semi-annual meeting Friday at 11 a.m. at the Northwood Country Club in Meridian, according to an announcement by Johnny L. Bearden, president of the state association.

United Fund volunteers and staff members of United Funds and Community Chests are invited to attend. Friday's session of the meeting will be devoted to the ways of improvement of campaigning, budgeting and planning of all federated fund raising and in particular the involvement of volunteers in all facets of the organization.

Saturday's meeting, from 9 to noon will be held at the Holiday Inn-northeast in Meridian, and especially designed for information of staff personnel of United Funds and Community Chests in the state.

The state wide association of United Funds was formed two years ago to afford an exchange of ideas for the improvement of campaigns and better coordination between the various independent United Funds of

our state.

Bearden, reelected president at the December 1973 meeting stated that the organization has served to inform staff and volunteers and to make local United Funds stronger and more knowledgeable.

Volunteers and staff personnel from all United Funds and Community Chests are urged to attend.

Reflections

ALL DRESSED IN SUNDAY BEST, choir members of the St. Paul Methodist Episcopal Church in Bay St. Louis lined up for a photo in 1909, with their pastor Rev. Jessie Holmes, far right. The church was located on Goodchildren St. but according to Mrs. Grace Palloade, who submitted the picture, there are not too many Bay residents still around who will remember either this church or the street name, both of which are long gone. Some years ago Goodchildren was changed to Sycamore and the church is now Valena C. Jones United Methodist. Others pictured are, from left, Walter Gilbert, Miss Susie Powell, little Jessie Holmes, Mrs. Stella Meggs, Miss Helen Jacob, Miss Elolse Jacob, Miss Carrie Jacob, organist, Miss Anna Jacob and Prof. J.W. Brown. (Readers are urged to submit photos for use in Reflections. All photos will be returned unharmed at the Echo office.)

Camps near maximum

UNIVERSITY, Miss., Football minded youngsters not already enrolled in one of the training weeks of this year's Ole Miss Football Camp will have to register in the second week's program, head coach Ken Cooper announced Thursday.

"We have 210 campers enrolled for the first week of our camp," Cooper explained, "and that total in football is our absolute maximum."

Cooper pointed out that the program for the second week of football training will be identical with the first week's program. It will be offered as part of the Ole Miss Sports Camp, which will feature baseball, golf and tennis along with football.

Dates for the first week of football are June 1-7. They are June 8-14 for the Sports week. Cooper, who is the director of both the Football Camp and the Sports Camp, said that over 100 campers have enrolled for the second week of football. Taylor McNeal, defensive backfield coach in

football, is the assistant director.

Even though the registration totals of 36 for baseball, golf and tennis have been reached, applications for these camps will continue to be accepted, Cooper said.

The fourth annual Ole Miss basketball camps, under the direction of head coach Robert "Cob" Jarvis, will be held June 15-21 for girls and June 22-28 for boys.

Age limits for the campers are 10-16 and the youngsters will be grouped together by ages. They will live in an air conditioned dormitory with supervision 24 hours a day by members of the instructional staffs.

Members of the Rebel staffs in the separate sports will serve as camp instructors, with Archie Manning to serve as a guest instructor in football.

The camps are sanctioned by the Mississippi High School Activities Association and the Mississippi Private Schools

Association. For further information, applicants should write: Camp Director, Department of Intercollegiate Athletics, University of Mississippi, University, Mississippi 38677.

Pass High summer school schedule announced

Pass Christian High School has announced its summer school schedule for 1974.

Registration will be held June 3 from 9 a.m. to noon, in the school library. The first semester begins June 4 and ends July 8, and the second semester runs from July 9 through August 9.

Each semester's tuition is payable in advance and students will not be admitted to class until the tuition has been paid in full. Students from other than Pass High or Pass Middle School should present a letter from his or her high school principal stating that the credit earned will be accepted.

If for any reason a student cannot be present and on time every day, it would be best to not enroll. Saturday, July 6 and August 3, will be make-up days for absentees. All students must be in school a total of 48 days, 2½ hours each day to receive credit for summer work. If a student

must miss a regular day of summer school he or she must attend a make-up class for the day missed.

A maximum of two units may be earned during one summer.

Time required for one unit of work is two and a half hours per day for non-laboratory courses; five hours per day (7 weeks) laboratory courses. This will permit students to enroll in only one course.

Students taking two subjects will be at school from 7:30 a.m. to 12:45 a.m. (15 minute break between classes) each day. Classes will meet five days per week.

The following courses will be offered if the demand is sufficient: English 9, English 10, English 11, English 12, Civics, Mississippi History, World History, American History, American Government, Economics, Fundamental Math I, Fundamental Math II, Algebra I, General Science, Biology,

Physical Science, Driver Education and Physical Education.

Driver Education will be taught first semester only. Tuition: \$30 for 2 units; \$60 for 1½ units; \$40 for 1 unit; \$20 for ½ unit; \$30 for Driver Education.

If for any reason a student cannot be present for registration on June 3, he may register in the principal's office on any date prior to that time.

No student will be allowed to register after the third day of each semester.

Cook is graduate

Brenda Cheryl Cook of Bay St. Louis will be among the 473 students receiving degrees in the annual commencement exercises of Mississippi College set for Sunday, May 19.

The services will be held in the City Auditorium in Jackson starting at 3 p.m., with Dr. Earl Kelly, executive secretary of the Mississippi Baptist Convention Board, as the speaker. Dr. Kelly is a graduate of Mississippi College and will be one of three recipients of honorary degrees. Also receiving honorary degrees will be Mrs. Nannie Pitts McLemore of Clinton and Rev. Perry A. Michel, pastor of the First Baptist Church of Brookhaven.

Dr. Lewis Nobles, president of the college, will present the diplomas, assisted by Dr. Charles E. Martin, vice-president for academic affairs.

Of the 473 candidates, 360 will receive the bachelor's degree and 113 will be awarded the master's degree. Ms. Cook will receive the bachelor of science in education degree.

White honored by Goodwill

In ceremonies May 10th, at the Gulf Coast Rehabilitation Center of Goodwill Industries, Paul M. White, Jr., was honored with the presentation of the Distinguished Service Award for the year 1973-74.

White, a resident of Bay St. Louis and a vice president of Gulf National Bank at Gulfport, is chairman for the local steering committee for Goodwill.

Rodney Gibson, public relations officer, made the presentation at the center in Gulfport. Center personnel

attended the event which climaxed National Goodwill Week.

Goodwill states the steering committee includes persons drawn from the leadership of the community, who give time, money, ability, knowledge and skill to the management of the organization, and act as trustees for those who contribute to the organization.

White was cited for "his devotion of time and effort toward furtherance of Goodwill on the coast".

There's more than you think!

Many people still think that Scouting is a little boy, 4 feet high, wearing short pants, and helping a little old lady across the street who doesn't want to go. Nothing could be farther from the program that is part of our community today.

Through its unique educational program, the Boy Scouts of America has as its purpose character development, citizenship training, and physical and mental fitness. This purpose is achieved through a carefully designed advancement program, outdoor activities, opportunities for youthful decision making, and ideals that become a personal challenge.

The 74 Scout Show to be held at The Rivergate this coming Saturday from 1-9 pm will show the results of dedicated adult leadership and guidance, months of preparation, and enthusiastic and knowledgeable young men and women. Yes, young women are part of the Explorer or young adult program, and they will be part of the 8-hour event, demonstrating activities relevant to the 15- to 21-year-old age group.

Scouting today is still camping, canoeing, cooking, handicraft skills, and personal fitness. All these will be featured in the show. But Scouting is as much a part of today as television, data processing, scuba diving, conservation of natural resources, and communications. And these will be demonstrated by young people who are preparing for tomorrow. Scouting today is truly a lot more than you think!

Chamber Report

By Sylvia McComiskey
Hancock County Chamber of Commerce Manager

The Chamber was delighted to be of assistance to the delegation of fishermen's wives (Mrs. Cathy Holtzhauser and Mrs. Joyce Garcia) on the visit to Washington to seek assistance for the Gulf Coast fishermen, hard-hit by fresh water flooding of the Mississippi Sound.

It is evident with the signing by President Nixon of the Disaster Relief Act, declaring Hancock, Harrison and Jackson Counties eligible for disaster relief, that these representatives of the newly formed Gulf Coast Fishermen's Organization presented their problem most effectively. Mrs. Cathy Holtzhauser, who led this movement, is a shining example of what an individual citizen can do. The assistance received from Senator Eastland's office was tremendous and was greatly appreciated; also, without the help of Governor Waller's office, this effort could not have been successful.

This Chamber representative was delighted to be able to present a first-hand accounting of the burden to Hancock County of the under-utilization of the Mississippi Test Facility and the dire need for a full usage of this multi-million dollar facility to relieve the

financial indebtedness that Hancock County was forced to undertake to prepare our cities and County for the influx of personnel that is no longer a part of our tax paying community since the conclusion of the Apollo Program at MTF.

This situation is apparent to our Congressional delegation and they assured us that they were working diligently on this matter. We were also able to bring this problem to the attention of several agencies and officials who did not know the full extent of this problem in Hancock County.

Hopefully, efforts on the part of everyone concerned will bear fruit for expansion of the agencies and operations at the Mississippi Test Facility.

Senator James Eastland's office contacted the Chamber Tuesday and asked that the U. S. Secretary of Transportation be informed of our strong support of restoration of the Gulfwinds trail route from Florida to New Orleans. This we are doing immediately and hope for a favorable decision on this matter this month.

REGISTRATION BY MAIL?

When the House of Representatives rejected the "Postcard Registration Bill" last week, America was spared a bureaucratic nightmare of mind-bending proportions.

The vote was close, 204-197, but it was enough to block an ill-advised drive to establish postcard voter registration throughout the United States. The Senate had approved a similar measure a year ago, but hearings in a House subcommittee last summer uncovered massive resistance to the bill.

Briefly, the bill would establish a Voter Registration Administration in the General Accounting Office, which would initiate a voter registration

program through the Postal Service. Between 120 and 60 days prior to the close of registration, the Postal Service would deliver registration forms to every household in the country.

It all seems simple enough on the surface. Citizens could register to vote by filling out and mailing these cards to local registration officials.

But is that all there is to it? Political scientists, State and local election officials, the National Municipal League, the Association of Secretaries of State, the National Association of Counties, the American Civil Liberties Union, and the American Conservative Union -- to name just a few dissenters -- apparently thought there was a great deal more to it and, in fact, they all went on record opposing it.

Their objections were simple enough. They feared massive bureaucratic problems and open invitations to fraud.

V. A. News

EDITOR'S NOTE: Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them through the Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

Q — As an eligible veteran, would I have to make a down-payment on a Veterans Administration GI home loan?

A — The Veterans Administration does not require a down-payment, but the lender may require one.

Q — I'm a disabled veteran who received a \$2,800 auto grant from the Veterans Administration. Will VA help out on engine repair?

A — VA pays for repair, maintenance, or replacement of special adaptive equipment necessary to operate the car. The agency is not authorized to bear these expenses on the vehicle, itself.

Q — I was honorably discharged last week after two years in the military service. If I go to school, will the Veterans Administration pay for my books and tuition?

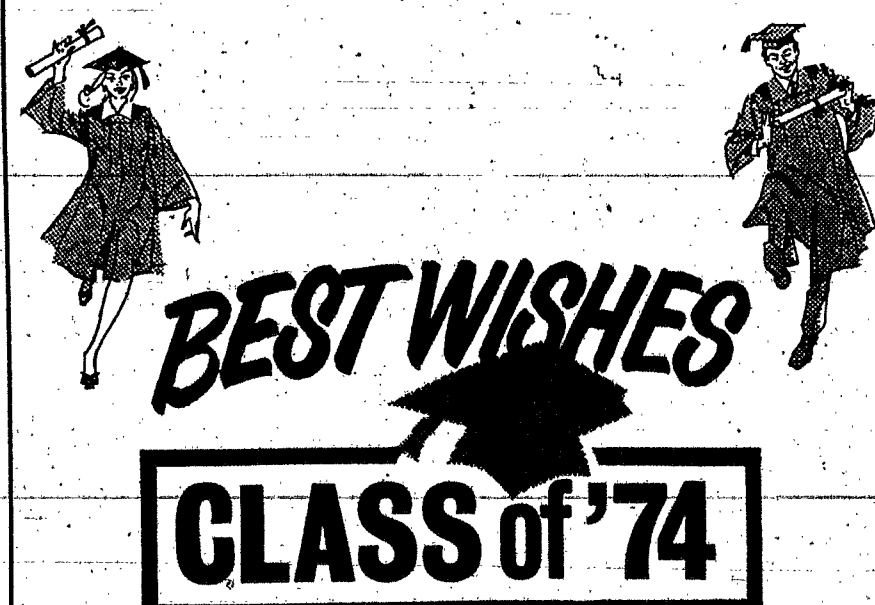

A — Books and tuition are provided under VA's vocational rehabilitation program for veterans with a 30 percent service connected disability; or less, if the disability is a pronounced employment handicap. Veterans without a disability who enroll in school under the GI Bill receive monthly education assistance allowances to offset school expenses.

Q — I'm a service disabled veteran who has \$25,000 worth of Veterans Administration Mortgage Life Insurance on a specially adapted home. How long will this coverage last?

A — Until the mortgage has been paid off, the home is sold, you reach age 70, or until your death.

"Remember, Mr. Reed, you have full authority to make any move you wish here at Parchman."

Legionnaires to send four to 32nd Boys State

Four Bay St. Louis youths will be among 400 boys selected to attend Mississippi's 32nd session of Boys State June 1-8 at Hinds Junior College in Jackson.

The four are Paul Sciamma, Bay Senior High School; Charles B. Dickinson Jr., St. Stanislaus; Milan C. Winnard, Coast Episcopal School; and Don Ralph Haas, Hancock North Central School.

State American Legion chairman John D. Rutherford Jr. said that the four were chosen to represent American Legion Post 139 on the basis of

high moral character, good sportsmanship, and potential leadership tendencies as demonstrated in their accomplishments in their school and community. Rutherford is also chairman for local Post 139.

Rutherford said that the Legion would pay all the expenses of the four youths to attend the week long session.

Boy State, Rutherford said, was a plan adopted by the American Legion, first in Illinois in 1935, for training

promising young men in the functional aspects of citizenship and government. The program is now in operation in all 50 states.

Boys have their own city, county and state governments. They elect their own officials. They learn the duties of the various public offices—their functions, limitations and their powers. They have their own legislature, introduce and argue their own bills. They have their own city councils, and conduct their own elections. They have their own police force, courts, and administer justice.

Each boy is assigned to a city upon arriving at the college and lives in that city for the period of Boy's State. Thirty boys comprise a city. Two cities make a mythical county. The assemblage functions under these political subdivisions for a period of seven days, under the basic laws of the state of Mississippi using existing constitution and existing laws as a guide. The entire system comprises the mythical state of Magnolia.

HEADED FOR BOYS STATE—John D. Rutherford Jr., chairman of American Legion Post 139, poses with the four boys selected by the local Legion chapter to attend the 32nd annual session of Boys State at Hinds Junior College June 1-8. From left are Don Ralph Haas, Hancock North Central; Paul D. Sciamma, Bay Senior High; Rutherford; Milan C. Winnard, Coast Episcopal; and Charles B. Dickinson Jr., St. Stanislaus.

Kramer presents research paper

John O. Kramer Jr., Bay St. Louis native, recently presented a research paper at a meeting of the Association of Computer Machinery in Nashville, Tennessee, entitled "Critical Timing Procedures for Multi-channel Data Acquisition."

Kramer, a systems analyst and programmer with the Heart Research Team at Veterans Hospital, Birmingham, Ala., traveled to

Atlantic City, N.J., to address a conference of the Federation of Clinical Research there May 5.

Kramer is married to the former Kathy Berry, daughter of Mr. and Mrs. John D. Berry, Picayune, Miss. Mrs. Kramer and their two children are visiting her parents and Mr. Kramer's parents in Bay St. Louis while he is in New Jersey.

Drugs and your health

by John F. Russell, M.D.

Every time there has been a problem with the abuse of a substance, people have joined a bandwagon to legislate against the substance. And, throughout the centuries, legislation has never done anything except drive the user and seller underground, developing even more problems. So it is that the cost of street heroin forces junkies to steal, and during prohibition the underworld made a fortune in speakeasies.

Nowadays, however, so many substances are being abused in this drug oriented culture that it is impossible to legislate against all of them. How can one make the use of Right Guard or Pam illegal? Can one pass laws against nutmeg or morning glory seeds? Obviously, legislation against every substance that can be abused is impractical if not impossible.

Naturally some laws are necessary to protect people against themselves and others. Physicians study ten or more years before they are qualified to write prescriptions for drugs. How, then, can the everyday ordinary individual know which drug to take for what, or how their bodies will react to how much of whatever? That is why some drugs are available only by prescription. Yet, prescription drugs are also being abused, perhaps even more so than those available over the counter such as aspirin, nadox, or the like. We cannot make everything illegal, and even were it so, it would not guarantee that there would be no abuse. Thus, the answer must lie elsewhere.

Scare tactics were tried for awhile. It was once said that one who smoked marijuana would become violently aggressive, that one would become a junkie after the first shot of heroin, and that anyone who dropped acid would have a baby with three heads and nine arms. But, they found that others smoked pot and didn't attack them with wild maniacal grimaces intending violence and that occasionally someone would become violently ill after trying heroin and never go near it again. Some girls who had repeatedly dropped acid had normal babies, and a huge credibility gap developed.

Then, when it was said that withdrawal from barbiturates could cause convulsions and death, it wasn't believed until some died of it, and when we tried to warn that sniffing deodorant could freeze the lungs, they still tried it and at least seven young people are dead in Mississippi alone from inhalants. Scare tactics didn't work; legislation didn't work.

Then we thought that if we taught the facts about drugs, abuse would stop. So the schools taught about amphetamines and barbiturates, hallucinogens and narcotics until a fourth grader could tell how each worked on the nervous system and could identify a five milligram dexadrine tablet by sight. Then we realized that we had created highly knowledgeable drug abusers who knew how many milligrams of a short acting barbiturate were needed to produce an euphoric state.

Today we are still looking for the answer, if indeed there is one. Prevention, we know, is the only way to stop the epidemic. Stop the demand and the supply will cease in and of itself. What we need are self-reliant individuals, capable of meeting and

solving their problems, able to cope with this reality of life without resorting to artificial, chemical methods.

Are we able to do this... we who have for so long known that for every ill there is a pill? Can we in reality "return to nature?" Or are we so reliant on mood changers and instant happiness that we cannot work out our moods by ourselves, nor learn that only by experiencing unhappiness can we truly know happiness. It is time that we all started to live life to its fullest, the natural way, and throw away the old sales pitch, "better living through chemistry." Only then will we truly stop drug abuse.

Inquiries from readers can be sent directly to: Dr. John F. Russell, 1202 Broad Avenue, Gulfport, Mississippi 39501.

Fishermen's declaration is amended

A misunderstanding in the President's disaster declaration to aid coast fishermen has been cleared up, Dr. David Veal said late yesterday.

Veal, a Sea Grant Advisory Service representative in Biloxi who has been working to secure some measure of relief for hard-hit fishermen on the Gulf Coast, said the President "apparently lied our Coast fishermen's problems to the April 12 floods in the central part of the state" and didn't fully understand that the major problem started last year. Therefore, according to the wording on the declaration, unemployment compensation extended to fishermen was effective only if they became unemployed between April 12 and April 20 this year.

A number of Coast fishermen have applied to the local Employment Security Commission offices and have been turned down for compensation. Veal said he contacted U.S. Rep. Trent Lott in Washington Tuesday and explained the situation.

Veal was notified Wednesday afternoon that the declaration has been amended to be retroactive to May 1, 1973 and the Employment Security offices received instructions at the same time to begin processing applications for unemployment, retroactive to that date.

By press time Veal said the Small Business Administration had not yet received word of the change.

Coast fishermen who had applied and been turned down should now re-apply, Veal stated, and urged also that those who may have fished last year but realized a low yield might be eligible for under-employment compensation. The declaration stipulates that qualifying fishermen will be eligible for up to 26 weeks of unemployment pay.

Gremillion in DE Hall of Fame

Jerry W. Gremillion, D.E. teacher-coordinator at Bay St. Louis High School was inducted into the Distributive Education Clubs of America Hall of Fame May 1.

He received the award during the NADET Luncheon of the DECA National Leadership Conference held in Chicago.

This award is achieved by serving in leading capacities in DECA over a period of years and by pursuing a career in Distributive Education as a result of successful participation.

Gremillion has held offices in DECA on the local, state, and national levels as a student at Gulfport High School, Jefferson Davis Junior College, and Mississippi State University.

Dr. Wolfe Day at Hancock General honors Bay physician

Dr. M. J. Wolfe, Sr. of Bay St. Louis was honored by the staff and administrators of Hancock General Hospital in ceremonies Wednesday as part of the local observance of National Hospital Week.

Wednesday was designated Dr. Wolfe Day by agreement of the staff and hospital trustees. The venerable physician, who has been practicing medicine for 41 years, most of that time in Hancock county, is chief of staff at the hospital.

He received his medical training at

Tulane University in New Orleans, where he distinguished himself in sports as well as academic pursuits. He earned three medals as a track star and was a member of Alpha Omega Alpha, an honorary medical fraternity reserved for the top ten students in each class. He graduated from Tulane in 1932 without ever having missed a day of school. Following two years of internship at Charity Hospital he returned to the Bay as a general practitioner.

In his early years of practice, he

made house calls and attended patients in Harrison and Pearl River counties as well as Hancock. In 1939 he helped organize the first blood bank in Bay St. Louis.

As a 1923 graduate of St. Stanislaus, Dr. Wolfe was inducted into that school's Hall of Fame in 1973. Since 1933 he has been official physician for the school and has rarely missed an athletic event or special function of the school as well as attending the hundreds of young students who have attended Stanislaus throughout those years.

A number of friends, colleagues and family members attended Wednesday's reception in honor of Dr. Wolfe.

Other special days at the hospital this week included Patients' Day Sunday, when flowers on trays to all patients and other special considerations were extended.

The week-long observance will conclude Friday afternoon with a ceremony in the dining room honoring hospital employees and volunteers.

Members of the Hospital Auxiliary, which operates the gift shop, trains and supervises Candy Strippers and extends numerous other volunteer services to the hospital will be honored and hospital employees will receive five-year pins.

Expansion set for Long Beach city hall

by Bob Innes

Special to the Echo

The Long Beach Mayor and board of aldermen passed a motion calling for the city clerk to begin advertisement of bids for the construction of an addition to city hall.

At the May 7 meeting Alderman Sam Maxwell made the motion, seconded by Alderman Jimmy Savarese. The addition will be used for Waterwork offices. The board will open bids at the June 4 meeting.

The Board also approved a bid of \$9,357 by Griffin Wellpoint of Houston Texas for a Wellpoint system.

Ricky Jacobs received approval as a dispatcher for the police department on a six month trial basis. In other action the board gave its approval for a bid by MCM International of New Orleans of \$2,846.40. The bid is for tractor loader and backhoe equipment.

Joe Williams Electric got the green light for putting up

lights at the Long Beach Babe Ruth softball field. However, final action is pending the signing of a lease with the school for the property.

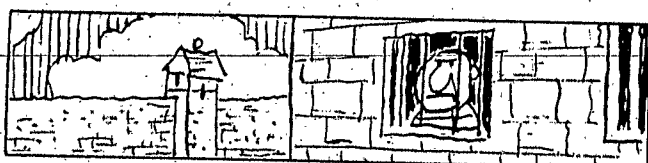

The board agreed to advertise for bids for a new utility van to be used by the fire department. They also gave Carl Rhodes approval as Police patrolman on a six month trial basis.

The board passed a motion ordering the city clerk to file the minutes of the Planning and Zoning Commission in the clerk's office. Other reports also to be filed there include the Police, Fire, Volunteer

Fire department and building permits and the report of the city dog catcher.

The board agreed to take a \$30 add in the 50th Anniversary Convention program at the request of the Long Beach Professional and Business Women.

The next meeting of the Mayor and Board is at 7 p.m. May 21 at City Hall.

JC Bulldogs leave for regionals

by Bob Innes

Special to the Echo

Coach Ken Farris and his Gulf Coast Junior College Bulldogs left Tuesday for Tennessee where they will compete in the regional District Seven and Ten junior college baseball finals, representing Mississippi as state champion.

The Bulldogs won the right by downing Mississippi Delta 12-3 in championship action last week.

Farris said his starting pitcher in the opener, at a site which hasn't been deter-

mined, will probably be Roger Parker (7-0).

Parker went the distance on the mound in the championship game. Others in the lineup for the Dogs will be left fielder Lucius Kennedy, center fielder Kim Letort, right fielders Rod Herring and Kirk Thompson, first baseman Mitch Hebert, shortstop Jim Wargo, third baseman Bill Bradley, second baseman Mark Taylor, and catcher Kevin Walker.

The Bulldogs finished the season with an 18-6 won-loss slate.

SSC names President's list students

Brother Lee Barker, S.C., principal of St. Stanislaus High School, has announced that 25 students have been named to the President's Honor Roll at St. Stanislaus. To achieve this honor a student must be on the Alpha Honor Roll (3.5 grade average or better) for three consecutive marking periods during the school year.

Students on the high school level meriting this award are the following: Murray Jolivet, Michael Keel, Johnnie Knight, Francis Pollingue, Christopher Yochim, Bayne Dickinson, Brent Logan, Thomas Fland, Thomas Haydel, Richard Lassere, Richard Morales, Mark Stupulowski, Stephen Longo, Mark McCarthy, Ralph Ott, Carl Schott, and Kevin Seeger.

Grammar school students on the President's Honor Roll are John Hadden, Stephen Johns, Bill Kergosien, Phillip Mueller, Steve Allen, Peter Berheim, Walter Kerley and John Santa Cruz.

All students meriting the President's Honor Roll will be recognized at a future student assembly and awarded a school jacket with a lamp of learning letter.

PROCLAMATION

WHEREAS; we have been endowed by our Creator not only with the blessings and benefits of our animal friends, who provide us clothing, food and pleasure in life, but also with a firm responsibility to protect the dumb creatures given us as a sacred trust, and to show kindness and mercy to them in all of our affairs and

WHEREAS; the people in the Cities of Waveland and Bay St. Louis are deeply indebted to the animal anti-cruelty control and welfare agencies for the invaluable contribution they make each year in educating our children in humane principles; and in promoting a true working spirit of kindness and consideration for animals in the minds and hearts of all our people, and

WHEREAS; we recognize the timeless value of the teaching of kindness to our young people through humane education, and realize that out of kindness to dumb creatures grows kindness and love for both Man and God, and

WHEREAS; the full month of May has been set as the annual celebration of the national week: observing the philosophy of kindness to animals,

NOW, THEREFORE; we JOHN LONGO, JR., AND WARREN CARVER by virtue of the power vested in us as MAYORS of WAVELAND AND BAY ST. LOUIS do proclaim and pronounce the month of MAY as "Be Kind to Animals Month", and do heartily commend to all our citizens a full participation in all the events related thereto in this community.

B-W Garden Club officers installed

Bay-Waveland Garden Club held its final meeting of the 1973-74 year Thursday, May 9, at the Garden Center with Mrs. Gordon Gleim, president, presiding. A history of the Club's accomplishments during the year compiled by Mrs. C.R. Beyer, was read by Mrs. A.G. Dantagnan, historian. Officers for the coming year were installed by Mrs. A.E. Voight. Installed were Mrs. Lelyn W. Nybo, president; Mrs. Herman Mazarakis, first vice president; Mrs. F.L. Logan, second vice president; Mrs. Shirley Mattison, secretary; Mrs. John E. Isom, corresponding secretary and Mrs. W. Dibrele Jones, treasurer. Mrs. Waldo Otis, who was appointed historian by the president, and Mrs. Clarence Evans, parliamentarian, were also installed. Arrangements were made to offer a scholarship to the Horticulture Summer Seminar sponsored annually by Mississippi State University and the Garden Clubs of Mississippi, Inc., for a student of Bay St. Louis High School. Hostesses for the social hour were Mesdames Waldo C. Otis, chairman, and Mesdames Joseph H. Duggan Jr., Harold Ott, Harold R. Powell, Lelyn W. Nybo, George L. Seuzeneau Jr., George Shuler, Augustus Elmer and Joseph E. Viguerie Jr. The Center was decorated throughout with daisies grown and arranged by Mrs. Augustus Elmer.

Engagement announced

Mr. and Mrs. Frederick W. Chazey Sr. of Bay St. Louis announce the engagement and forthcoming marriage of their daughter, Lynne Allison, to Paul Edward Bourgeois, son of Mrs. Margaret Bourgeois and the late Arthur Bourgeois. The wedding will be solemnized June 8 at Saint Clare's Catholic Church at 1 o'clock. A reception will follow the ceremony at the home of the bride's parents. Friends and relatives are invited through this medium.

Miss Janet Claire Sallinger, bride-elect of Kelly McQueen was feted at a kitchen shower in the home of her aunt, Mrs. C. W. Harris, Sunday, May 5. The hostesses, Mrs. Harris and Mrs. M. J. Sallinger, used a yellow and white daisy motif in decorations. The cut glass punch bowl was centered on a table, adorned with fresh daisies and covered by a yellow and white gingham tablecloth. The honoree, who chose to wear a blue and white knit dress with white accessories, was presented with a daisy corsage.

On Saturday, May 11, Miss Sallinger was honored at a bridal tea at Hide-A-Way Lake Club House, Picayune. The mother of the groom, Mrs. Leon McQueen, formally introduced the bride-elect and her mother, Mrs. Richard J. Sallinger to guests from the Picayune area as they arrived. Refreshments were served buffet style from an oblong table flanked on either end by a crystal punch bowl and silver coffee service. A centerpiece of daisies and fern complimented the setting.

Miss Sallinger wore a floor length gown of pink and green floral print on a white background accented by white eyelet sleeves and white accessories. Mrs. Sallinger wore a multi-color floral polyester gown.

Fishermen's declaration is amended

A misunderstanding in the President's disaster declaration to aid coast fishermen has been cleared up, Dr. David Veal said late yesterday.

Veal, a Sea Grant Advisory Service representative in Biloxi who has been working to secure some measure of relief for hard-hit fishermen on the Gulf Coast, said the President "apparently tied our Coast fishermen's problems to the April 12 floods in the central part of the state" and didn't fully understand that the major problem started last year. Therefore, according to the wording on the declaration, unemployment compensation extended to fishermen was effective only if they became unemployed between April 12 and April 20 this year.

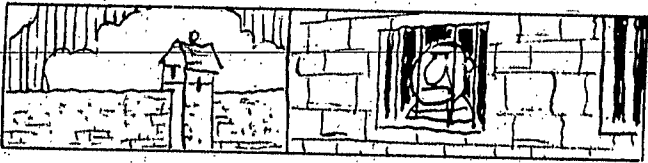

A number of Coast fishermen have applied to the local Employment Security Commission offices and have been turned down for compensation.

Veal said he contacted U.S. Rep. Trent Lott in Washington Tuesday and explained the situation.

Veal was notified Wednesday afternoon that the declaration has been amended to be retroactive to May 1, 1973 and the Employment Security offices received instructions at the same time to begin processing applications for unemployment, retroactive to that date.

By press time Veal said the Small Business Administration had not yet received word of the change.

Coast fishermen who had applied and been turned down should now re-apply, Veal stated, and urged also that those who may have fished last year but realized a low yield might be eligible for under-employment compensation. The declaration stipulates that qualifying fishermen will be eligible for up to 26 weeks of unemployment pay.

JC Bulldogs leave for regionals

by Bob Innes

Special to the Echo
Coach Ken Farris and his Gulf Coast Junior College Bulldogs left Tuesday for Tennessee where they will compete in the regional District Seven and Ten junior college baseball finals, representing Mississippi as state champion.

The Bulldogs won the right by downing Mississippi Delta 12-3 in championship action last week.

Farris said his starting pitcher in the opener, at a site which hasn't been deter-

mined, will probably be Roger Parker (7-0).

Parker went the distance on the mound in the championship game. Others in the lineup for the Dogs will be left fielder Lucius Kennedy, center fielder Kim Letort, right fielders Rod Herring and Kirk Thompson, first baseman Mitch Hebert, shortstop Jim Wargo, third baseman Bill Bradley, second baseman Mark Taylor, and catcher Kevin Walker.

The Bulldogs finished the season with an 18-6 won-loss slate.

SSC names President's list students

Brother Lee Barker, S.C., principal of St. Stanislaus High School, has announced that 25 students have been named to the President's Honor Roll at St. Stanislaus. Dr. Wolfe Day at Hancock General honors Bay physician

Dr. M. J. Wolfe, Sr. of Bay St. Louis was honored by the staff and administrators of Hancock General Hospital in ceremonies Wednesday as part of the local observance of National Hospital Week.

Wednesday was designated Dr. Wolfe Day by agreement of the staff and hospital trustees. The venerable physician, who has been practicing medicine for 41 years, most of that time in Hancock county, is chief of staff at the hospital.

He received his medical training at

Tulane University in New Orleans, where he distinguished himself in sports as well as academic pursuits. He earned three medals as a track star and was a member of Alpha Omega Alpha, an honorary medical fraternity reserved for the top ten students in each class. He graduated from Tulane in 1932 without ever having missed a day of school. Following two years of internship at Charity Hospital he returned to the Bay as a general practitioner.

In his early years of practice, he

made house calls and attended patients in Harrison and Pearl River counties as well as Hancock. In 1939 he helped organize the first blood bank in Bay St. Louis.

As a 1923 graduate of St. Stanislaus, Dr. Wolfe was inducted into that school's Hall of Fame in 1973. Since 1933 he has been official physician for the school and has rarely missed an athletic event or special function of the school as well as attending the hundreds of young students who have attended Stanislaus throughout those years.

A number of friends, colleagues and family members attended Wednesday's reception in honor of Dr. Wolfe.

Other special days at the hospital this week included Patients' Day Sunday, when flowers on trays to all patients and other special considerations were extended.

The week-long observance will conclude Friday afternoon with a ceremony in the dining room honoring hospital employees and volunteers. Members of the Hospital Auxiliary, which operates the gift shop, trains and supervises Candy Strippers and extends numerous other volunteer services to the hospital will be honored and hospital employees will receive five-year pins.

Expansion set for Long Beach city hall

by Bob Innes

Special to the Echo
The Long Beach Mayor and board of aldermen passed a motion calling for the city clerk to begin advertisement of bids for the construction of an addition to city hall.

At the May 7 meeting Alderman Sam Maxwell made the motion, seconded by Alderman Jimmy Savarese. The addition will be used for Waterworks offices. The board will open bids at the June 4 meeting.

The Board also approved a bid of \$9,367 by Griffin Wellpoint of Houston Texas for a Wellpoint system.

Ricky Jacobs received approval as a dispatcher for the police department on a six month trial basis.

In other action the board gave its approval for a bid by MCM International of New Orleans of \$2,846.40. The bid is for tractor loader and backhoe equipment.

Joe Williams Electric got the green light for putting up

lights at the Long Beach Babe Ruth softball field. However, final action is pending the signing of a lease with the school for the property. The board agreed to advertise for bids for a new utility van to be used by the fire department. They also gave Carl Rhodes approval as Police patrolman on a six month trial basis.

The board passed a motion ordering the city clerk to file the minutes of the Planning and Zoning Commission in the clerk's office. Other reports also to be filed there include the Police, Fire, Volunteer

Fire department and building permits and the report of the city dog catcher. The board agreed to take a \$30 add in the 50th Anniversary Convention program at the request of the Long Beach Professional and Business Women.

The next meeting of the Mayor and Board is at 7 p.m. May 21 at City Hall.

Gremillion in DE Hall of Fame

Jerry W. Gremillion, D.E. teacher-coordinator at Bay St. Louis High School was inducted into the Distributive Education Clubs of America Hall of Fame May 1.

He received the award during the NADET Luncheon of the DECA National Leadership Conference held in Chicago.

This award is achieved by serving in leading capacities in DECA over a period of years and by pursuing a career in Distributive Education as a result of successful participation.

Gremillion has held offices in DECA on the local, state, and national levels as a student at Gulfport High School, Jefferson Davis Junior College, and Mississippi State University.

Senior Citizens Happenings

Inasmuch as the month of May has been proclaimed nationally as Senior Citizens' Month, I wish to take this opportunity to remind our Senior Citizens of Hancock County of the activities we have available to you at the Center on Old Spanish Trail in Bay St. Louis.

With very capable volunteer instructors we now have the following classes: Spanish, Small Appliance Repair, French, Horticulture, Handicrafts, Art, Quilting, Stitch and Chat, Square Dancing, Folk Dancing.

Due to the recent death of Mr. Earle Folsom, who was the leathercraft instructor, we are not having our Leathercraft class for the time being. However, anyone of any age who feels that he or she could teach leathercraft for one hour each week, please get in touch with me at the Center. We already have ample leathercraft kits.

In addition to the above activities, we also have free bingo games once a month at each one of our Centers—V.C.J. Center, Bay St. Louis; Flat Top Community Center, Highway 43; VFW Post 6285, Kilm; Pearlington Community Center, Pearlington; and American Legion Post No. 58, White Cypress Community. It is through the generosity of our local merchants, the merchants of Edgewater Shopping Center, and also the public in general (including many of our senior citizens themselves) that we are able to hold these free bingo games with their donations of various prizes and gifts—costume jewelry, handcrafts, pictures,

stockings, socks, handkerchiefs, china, flower vases, etc. With so many Centers to service we are in need of more donations of prizes for this worthwhile project. If everyone of you could see how happy it makes our senior citizens to win a little prize, it would fill your hearts with joy. So if anyone has anything to donate, please call me at the V.C.J. Center in Bay St. Louis at 467-9291. I will be glad to pick up whatever you have. However, if you have the opportunity to come by the center, please do so.

Many of our senior citizen participants look forward to these recreation programs. Some are virtual shut-ins; and, thanks to volunteers with automobiles, these deserving citizens are picked up at the homes for recreation and returned. The same holds true for our recently funded Day Care Center and congregate feeding.

On Monday, in keeping with Senior Citizens' month, we will have Open House beginning at 1:30 p.m. The Bay Choralliers directed by Mrs. John McKenna will entertain us at 2 p.m. There will also be skits and refreshments. Then, at 8 p.m. for those over sixty who keep "late" hours, the Clermont Harbor Volunteer Fire Dept. will entertain us with their "Womanless Wedding" which was so well-attended and enjoyed recently at St. Ann's. This will be free of charge to all our county senior citizens. Finally, if any of you ladies would like to bake a cake occasionally—for our recreation parties, please call

me at 467-9291 and I will be glad to put your name on our cake list. This program, in general, is a very gratifying and worthwhile one, and anything that anyone can do for these, our deserving Senior Citizens, will be most appreciated.

GOOD NEWS: Mayor John Longo of Waveland has informed us that the new fishing jolly at the foot of Terrace Drive will be paved so that our seniors will be able to drive out to the end for crabbing and fishing. So you folks get out and get some of that good Mississippi sunshine and salt water breezes.

Valedictorian and salutatorian announced for Bay Senior High

Robert V. Magee, principal, Bay Senior High School, announced the valedictorian and salutatorian of the 1973-74 graduating class.

Ronald Greg Magee, son of Mr. and Mrs. Robert V. Magee, 1100 Hickory Road, Bay St. Louis, is the valedictorian of the class. Ronald has been a three-year

member of the basketball team, a one-year member of the tennis team; he has been a member of the student council for two years and as a junior held the office of vice-president.

He is a two-year member of the National Honor Society, and a three-year member of the Science Club. As a junior he was vice-president of the Science Club and is president as a senior. As a two-year member of the French Club, he serves as the president this year.

Ronald was selected by his classmates as Senior Boy Most Likely to Succeed and Senior Boy with Most School Spirit. As a sophomore, junior and senior, Ronald submitted Science Abstracts to the Junior Science and Humanities Symposium at the University of Mississippi and was subsequently selected to attend the National Science and Humanities Symposium during his sophomore year at Durham, North Carolina and at West Point as a junior.

Ronald was selected by the senior faculty teachers to represent the school at the Presidential Classroom for Young Americans at Washington, D. C., in February this year. He has also been selected by the teachers for three consecutive years as Outstanding Sophomore, Junior and Senior.

Mary Kristin Frankiewicz, daughter of Mr. and Mrs. Victor J. Frankiewicz, 402 Felicity Street, Bay St. Louis, is salutatorian of the class. Mary Kristin has been a three-year member of the Science Club and as a junior served as the secretary. She is a two-year member of the National Honor Society, and as a senior is serving as president.

Kristin has held membership in the French Club for two years and one year in the Drama Club, and is also the Club's president. As a senior, Kristin was selected by the student body to serve as president of the Student Council. She was also selected by her classmates as Senior Girl Most Likely to Succeed. Mary Kristin also advanced to Finalist Standing in the 1974 National Merit Scholarship Program. Mary Kristin is also serving for the second year as a member of the Junior Advisory Board for the Board of Trustees of the City-County Public Library.

FHA now gives guaranteed farm loans

Guaranteed loans by banks and other lending agencies are a new source of credit for farmers who can not otherwise find financial assistance. J. F. Barbour III, FmHa State Director for Mississippi has announced.

"FmHa is already offering borrowers insured loans and loans in which private lenders and FmHa participate. We are now adding guaranteed farm loans made by banks and other local lending agencies," Barbour explained.

Farmers who need credit can apply for loans either through the Farmers Home Administration or through banks, Federal Land Banks, co-ops, insurance companies, or other private sources of financing. The lending organization makes and services the loan.

Farmers Home Administration will repay

private lending institutions up to 90 percent of any loss on a guaranteed loan, but not more than 90 percent of the original principal. Farmers Home also pays the bank the difference between the borrower's interest rate, and the current FmHa guaranteed rate of nine percent for emergency and operating loans, and eight percent for farm ownership, soil and water, and recreation loans. Lenders pay FmHa a fee for each loan guaranteed.

FmHa borrowers are now paying 5 percent interest for farm ownership, emergency, soil and water, and recreation loans. The interest rate for operating loans is six and three-quarter percent.

Barbour also indicated that a recent ruling from the Office of the Comptroller General, Washington, D.C., was good news for national banks that participate in the FmHa guarantee program.

"The ruling provides that only the non-guaranteed part of any loan is charged against the bank's lending limit," he said. "This means that, if 90 percent of a \$75,000 farm ownership loan is guaranteed, only \$7,500 of that loan will be charged against the lending limit."

Barbour explained that the applicant must meet the same eligibility requirements for a guaranteed loan as he would for a regular FmHa loan of

the same type. Interest rates and repayment terms are the same for guaranteed loans as for conventional Farmers Home loans.

In order to make the guaranteed lending process easier and faster, applications, forms, and statement are prepared by regular lenders.

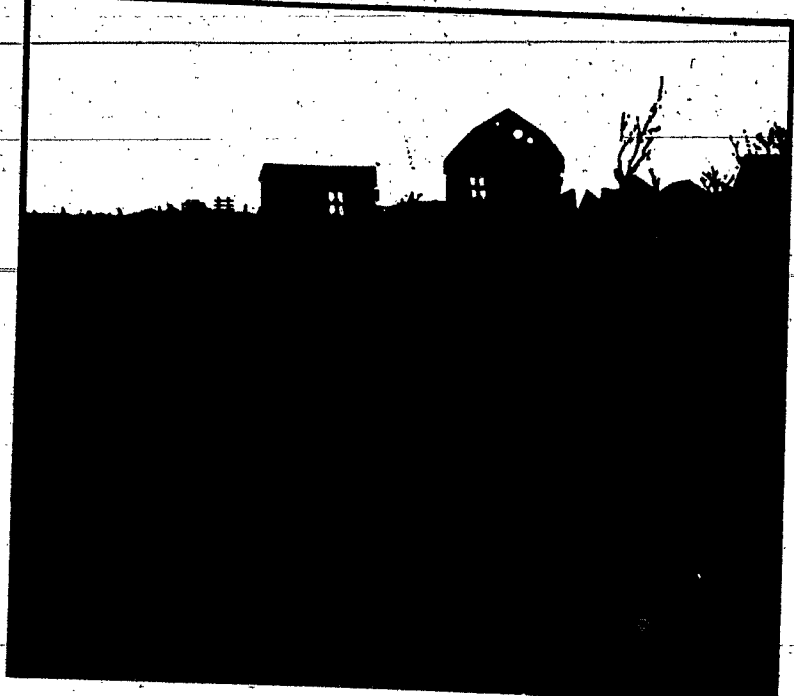

The Farmers Home Administration County Supervisor has many loan programs available for farmers and other rural residents and rural communities. Guaranteed loans made by private lending institutions is one more method of helping the rural development activities of Mississippi.

We've brought the good life just about everywhere.

A long time ago, the people who started your Electric Power Association realized that electricity was just as important to rural areas as it was to towns and cities. Today, thanks to your EPA, you can enjoy the conveniences which electricity makes possible just about everywhere. Electric Power Associations provide power for modern agriculture, and they make it possible for plants to locate in rural areas, providing jobs and building the local economy. No matter where you live in Mississippi, Electric Power Associations play a big part in your life... they're essential to Mississippi's future growth. And to thousands of Mississippi families, we're the people who brought the good life.

Miss. Garden Clubs wins national award

The Garden Clubs of Mississippi, Inc., was recently named winner of the National Arbor Day Foundation award.

The organization's entry in this competition was based on the Avenue of Magnolias pilot project completed in December, 1973, and replacement of live oak trees on the Mississippi Gulf Coast following the devastation rendered by Hurricane Camille in August, 1969, a joint venture with the Committee to Keep Mississippi Beautiful.

The Avenue of Magnolias program calls for planting of the first ten miles of 29 major highway entrances into Mississippi, each with 1,200 magnolia trees spaced 80 feet apart, and on each side of the highway. Upon completion of this project, there will be 290 miles of highway planted with approximately 35,000 magnolia trees, unquestionably identifying Mississippi as the Magnolia State to all who visit her.

The replacement of live oak trees along the Mississippi Gulf Coast was accomplished by the Mississippi Department of Agriculture and Commerce under the direction of Commissioner Jim Buck Ross, who last December distributed approximately 100,000 live oak seedlings to residents of the Mississippi Gulf Coast at no cost. These seedlings were grown from acorns gathered from the famous Friendship Oak located on the Gulf Park campus of University of Southern Mississippi.

The pilot project of the Avenue of Magnolias completed the planting of ten

miles of Interstate 20-59, beginning at the Mississippi-Alabama line and extending inward, was made possible by the joint efforts of the Mississippi Highway Department, Department of Agriculture and Commerce, Mississippi Forestry Commission, South Central Bell

Telephone Co., Mississippi Power & Light Co., Mississippi Banker's Association, Mississippi Power Co., Mississippi Municipal Association, Mississippi Publishing Co., Mississippi Manufacturer's Association, Peoples Bank of Indianola and the City of

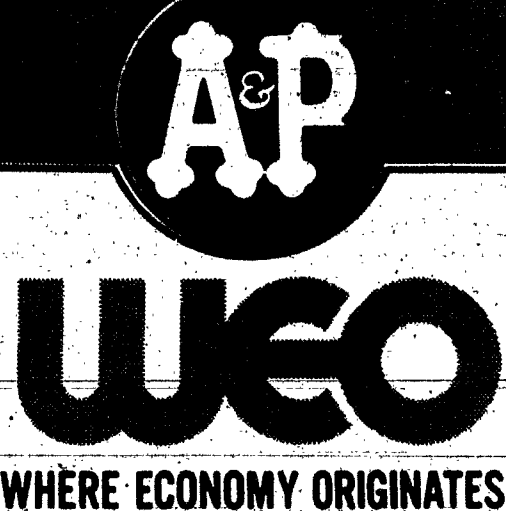

Meridian. The Garden Clubs of Mississippi, Inc., and the Committee to Keep Mississippi Beautiful plan to ask the local garden clubs, political subdivisions, and community leaders near the highway entrances to provide the sum of \$2000 for the plants, which will be planted and maintained by the Mississippi

Highway Department. Planting priorities will be given those areas that first provide the necessary funds to complete a planting. For further information concerning the program, contact Keep Mississippi Beautiful, P. O. Box 1609, Jackson, Mississippi 39205.

Don't rock the bus!

By Dan Barber

Bay High School head football coach J. E. Loiacano and his wife, Coco, were guests of honor at the home of P. O. Porter Jr., 109 St. Charles St., Sunday evening as players and parents paid a farewell tribute to the departing coach.

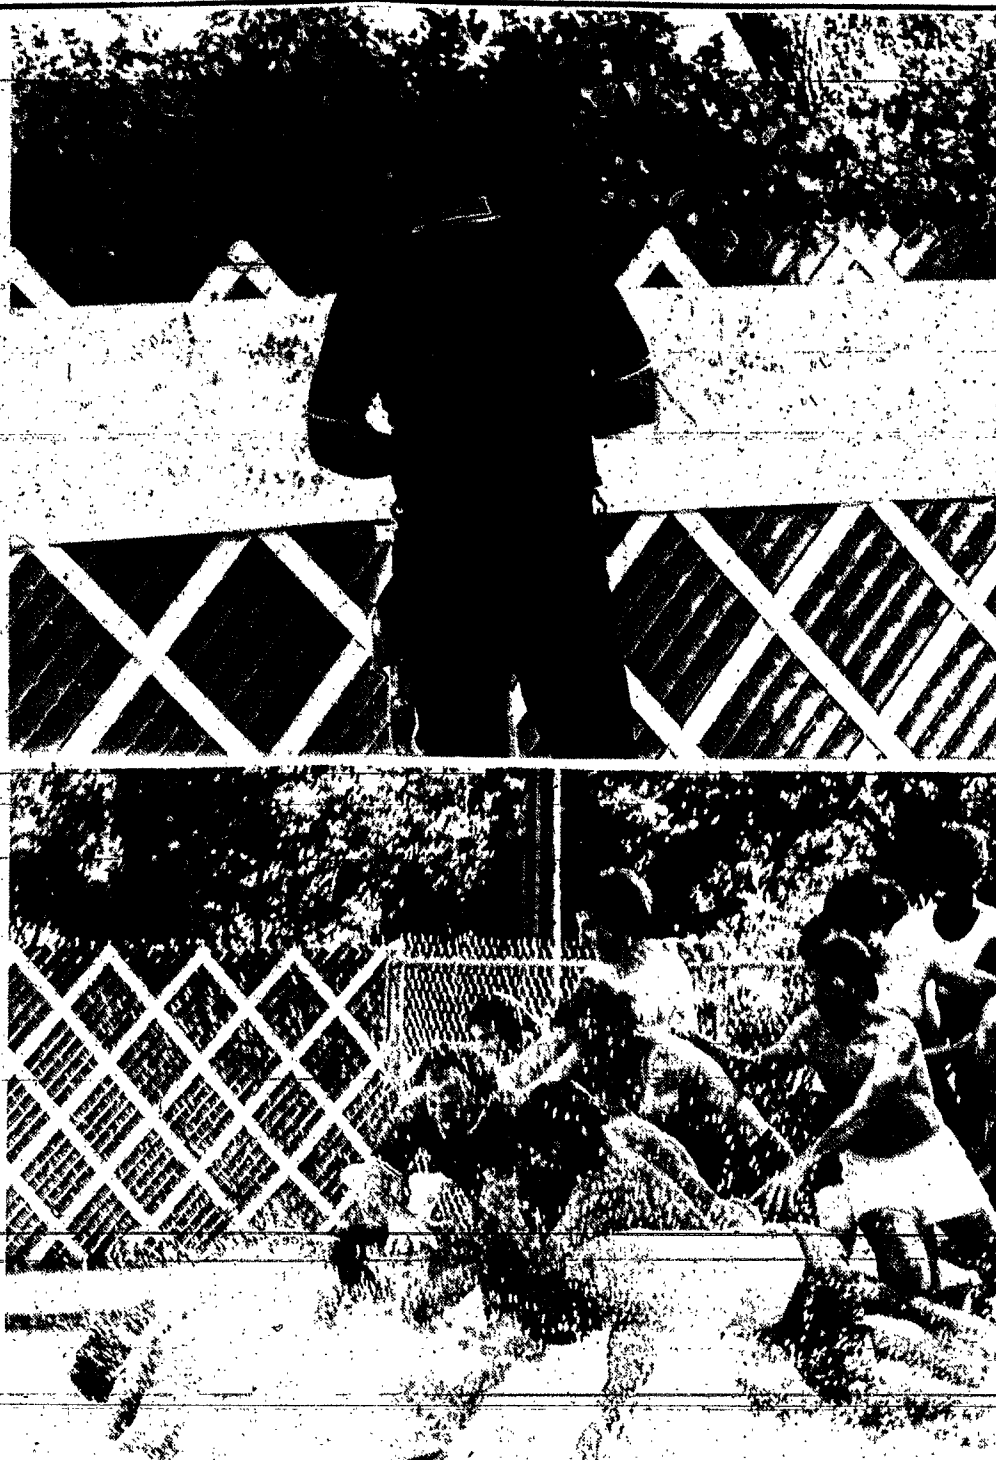

Loiacano and his wife were presented a silver coffee service by the players in appreciation for Loiacano's coaching efforts with the Bay High sports program and for what players said he had meant to them personally.

Loiacano will assume the head coaching position at Gulfport East High School next fall.

Signs around the swimming pool of the Porter's home were decorated by the players with favorite Loiacanoisms that students had grown accustomed to hearing during the coach's tenure at the school. Among them, "Don't rock the bus!", "Just ten more 40's to go" and "you gotta want it" stood out.

After devouring a cake accented with a football in the center the players showed they had no ill will toward the coach's rather hard nose

approach to training by treating him to a nice splash in the Porter's pool. Loiacano grinned and stood on the fence surrounding the pool.

Little League hopes weather good Saturday

Little League action opened in Bay St. Louis Monday afternoon with a pitching duel between Gary Sotak for Hancock Bank and Dwayne Lafontaine for American Legion before Hancock Bank finally scored an unearned run to win the game 1-0.

Hancock's run came in the bottom of the eighth inning, after both teams were deadlocked in a scoreless tie after six regulation innings. Relief pitcher Kevin McCaleb preserved the win for Hancock.

The official opening of the season scheduled Saturday May 10 was postponed due to inclement weather. The parade and three games have been rescheduled for this Saturday with parade festivities starting at 11:30 a.m.

Roberto Van Peski, parade marshal, said that the parade would form on Ulman Ave. on the north side of Bay Junior High School at 11 a.m. The parade will move down second

street to Main Street and then down Main to Dunbar Ave. where it will end at McDonald Little League Field.

A flag raising ceremony will be held in the park at the conclusion of the parade.

Reb's sign fourth cager

UNIVERSITY, Miss., Ole Miss basketball coach Robert "Cob" Jarvis Friday announced the signing of the Rebels' fourth basketball player for 1974-75.

The latest Reb signee is 6-2 Randy Burden, standout guard from Morgantown, Ky. An All-District 12 selection for three years for Butler County High School, Burden was one of the top five players in-region Three, as picked by the coaches. He was honorable mention all-state.

As a senior, he averaged 20.3 points and seven assists a game in pacing Butler County to a 26-1 record. The 25-0 regular season mark put together by Butler County gave them the only unbeaten record in regular season play in Kentucky.

Burden, regarded as one of the best passers in Kentucky prep play in '73-74, set a one-game school scoring record last winter with 50 points in one contest. As a junior he averaged 17.4 and as a sophomore 14.2.

The son of Mrs. Evva Burden of Morgantown, he also earned two letters as an outfielder in baseball. His basketball coach was Robert Stone.

Earlier signing with the Rebels were George Gillom, 6-4 forward of Abbeville and Lafayette County, Joe Kyles, 6-2 guard from "Shaw" and Harvey Murray, 6-5 forward from Lawson State Community College in Birmingham.

OLG hails top youth

Bruce Cabell, son of Mr. and Mrs. Fred Cabell, Bay St. Louis, received Our Lady's of the Gulf School's highest athletic honor Friday night at the occasion of the annual awards banquet at the school.

Young Cabell received the school's Coaches Award given the student who coaches feel has contributed most to the school's athletic program during the school year. Cabell was one of five students who participated in every sport of the school.

The All-Sports awards given for the outstanding student in each particular sport went to Jeff Kergosien and David Murtagh in football and to Ben Benvenutti in basketball.

Perre Cabell won the award in track and Sammy Glover received the award for softball.

In all 117 awards were given by the school for boys participating in athletics during the 1973-74 school year.

Teams which will be marching in Saturday's parade include the Jaycees, American Legion, Hancock Bank, Merchant's Bank, Gulf National Bank and Riemann's.

Miss Pam Favre has been selected as parade queen.

Other units participating in the parade will be the Bay Police and Fire Departments, the American Legion-Cor Guard, local Boy Scouts, the Bay High School Band under the direction of Joseph Gacibayda, Little League Officers, local Brownies, and Constable Sam Pernicaro.

Golf champions set at DH club

The Golf Club Championship was determined May 9 at Diamondhead Country Club and the new champion is Mrs. Marvin Dobson. Championship consolation flight was won by Mrs. Preston Pettifils; first flight was won by Mrs. G. T. Stanton, Jr., field winner was Mrs. Lawrence Frostall and low putts went to Mrs. Curtiss Cook. First Flight consolation was won by Mrs. Wallace Roberts.

Silver dishes were presented to the winners by the club pro at a luncheon.

Plunkett leads Golden Eagles as season ends

HATTIESBURG—Southern Mississippi's Golden Eagles have concluded their 1974 baseball season with a 16-12 record and can boast of having had one of the year's top hitters in the nation.

First baseman Wilson Plunkett, a junior who quite likely will forego his senior baseball year in favor of pro baseball, set eight modern-day USM batting records. These were 33 runs, 39 hits, 13 home runs, 37 RBI's, 86 total bases in 86 at-bats for a 1.000 slugging percentage, 33 walks and a .453 batting average.

"There's no doubt about his being one of the best collegiate hitters around," Eagle Coach Pete Taylor said of the big, strong youngster who had a three-year average of .338.

Plunkett, also a three-year letterman in football, has signed a free-agent grid pact with the New Orleans Saints but is likely to choose baseball over football.

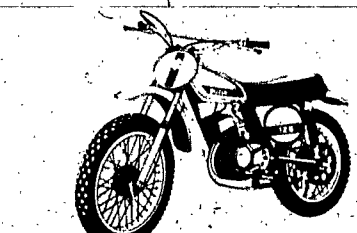

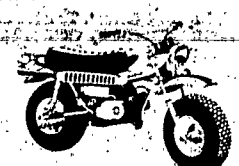

Senior outfielder Daryl Lauderdale, hitting .346 for the second straight year, was the second-leading hitter. While he led the club in doubles with seven and in triples with three, he also set a

career record as the only Eagle regular to play three seasons without making an error. The third-best hitter among the regulars, shortstop Rick Sutherland, hit .283. He led the club in stolen bases with seven and was a key figure as the '74 Eagles set a school mark of 33 double plays.

Designated hitter Willie Kirkland is the only true senior other than Lauderdale. Kirkland and second baseman Gary (Cat) Cannizaro each hit .280. Kirkland was second in RBI's with 17.

Relief pitcher Rick Roberson had a 3-0 record and three saves—all in relief. Righthander Sammy Smith was the workhorse of the mound staff with 16 appearances. He finished with a 4-6 record.

Save gas. Fill'er up.

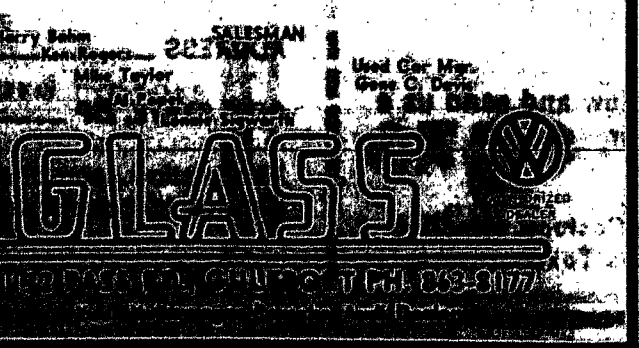

When you fill'er up with people, it's hard to beat the mileage of the 1974 Volkswagen Bus.

The reason? Nine people in one car can go considerably farther on a gallon of gas than nine people in separate cars.

And how many cars can you think of that hold nine people comfortably and still get terrific mileage easily?

We can only think of one.

St. Stanislaus CLASS OF 1974

Superior stands alone after week's assault

By Edward Favre

Scores continued to soar in men's softball this week as the 1974 season entered its second week of play.

Superior Supply became the team to beat extending its undefeated record to 3-0 this week with wins over Pearllington 59-3 Friday night and the Sand Pebble Lounge 21-5 Tuesday night.

Superior collected home runs from Gregg Presnell, Mike Strong, Boogie Dean Jr. and Bruce Cox Tuesday night to handily put down the Sand Pebbles.

Larry Favre was the winning pitcher for Superior. Billy Taylor was given the loss for the Pebbles.

In the second game Tuesday night the Sluggers snapped back from an earlier loss to Superior last week to defeat Crosby's Furniture 14-1.

Charles Fairley and Jules Handy collected homers for the Sluggers while Dennis Carroll put one over the fence for Crosby.

In Monday night action Ladner's defeated Pest Control 14-5 behind the pitching of Terrell Ladner, who got credit for the win. Jimmy Lafontaine was charged with the loss.

The second game Monday night went eight innings with Trapani's defeating the Krack Bullets 10-9.

Going into the bottom of the seventh inning Trapani's led by the score of 9-7. Don Smith of the Bullets led off the inning with a home run and Billy Ray Foxworth scored on a hit by Harry Farve to tie the score at 9-9.

In the top of the eighth inning Vernon Bermond led off with a single, moved to second on a hit by G. W. Graham, then moved to third on a sacrifice fly by Mike Carbon, to end the scoring for Trapani's.

In the bottom half of the eighth inning the Krack Bullets had the bases loaded, couldn't get a run across. Glenn Blaise got credit for the win, while Harry Farve

was charged with the loss.

Friday night's games were wild high scoring affairs as Superior Supply defeated Pearllington 59-3 and the Sluggers defeated The Other Place 25-24.

There were six home runs hit in the Superior Supply-Pearlington game, all by Superior Supply players. Hitting home runs were Claude Yarbrough, Sylvan Ladner and Mike Strong with two each.

Larry Favre was the winning pitcher and Robert Fulton was charged with the loss.

The second game Friday wasn't decided until the seventh inning, when the Sluggers got two runs to take a 25-24 lead and the victory.

Harvey Mitchell was charged with the loss and Johnny Rumbley was credited with the win.

Thursday night in the first game Trapani's defeated Ladner's 15-12. Trapani's took a two-run lead in the fifth inning and held on for the win.

Randy Ladner of Ladner's got the first home run of the season over the fence. Vernon Bermond of Trapani's also had a home run over the fence. Randy Ladner was charged with the loss, while Glenn Blaise was credited with the win.

The second game Thursday night saw the Sand Pebbles defeat the Krack Bullets 13-5.

The Sand Pebbles took an 8-0 lead in the first inning and were never in serious trouble from then on.

Don Smith of the Krack Bullets got a home run over the fence to lead the Krack batters. Jimmy Lolacano went three for three to lead the Sand Pebbles batters.

Harry Farve was the losing pitcher and Billy Taylor was given credit for the win.

Last Wednesday in Men's Softball League action the Sand Pebbles defeated Trapani's 6-4. The Sand Pebbles tied the score at 4-4 in the fifth inning, then came back in the sixth inning and scored two runs to take the lead and win the game.

Billy Rhodes led Trapani's with two hits in three trips to the plate. No one on the Sand Pebbles got more than one hit.

Billy Taylor went all the way on the mound for the Sand Pebbles getting credit for the win. Vernon Bermond was charged with the loss.

In the second game Wednesday night Pest Control defeated Crosby's 11-5. Pest Control took the lead in the fourth inning and were never in trouble.

Burford Perry and Mike Belote led Crosby's at the plate with two hits each. Ben Ferrell of Pest Control had two hits to lead his team.

Ralph Garcia was the losing pitcher. Jimmy Lafontaine got credit for the win.

Little League camp opens June 16

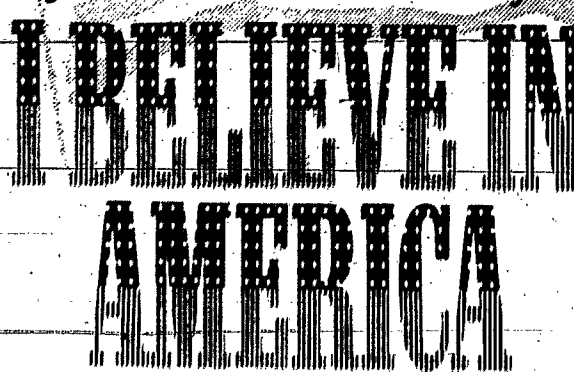

Coach Walter Bowman, head baseball coach at Covenant College, Lookout Mountain, Tennessee, was named today as director of the 1974 Little League Baseball Summer Camp Program in St. Petersburg.

Southern Regional Director Arnold White said this year's camp is expected to enroll another record number of

campers. Opening date of the camp's first session is June 16. Only three sessions of two weeks each will be held in 1974. This is the only official Little League Camp in the area, White said.

Full information can be obtained by writing Little League Baseball P. O. Box 13366, St. Petersburg, Fla. 33733.

SEARS - Bubby Eagan showed superior ability in the Flying Scots as he took top honors in the Sears Western District Eliminations for the National Junior Sailing Championship. Eagan and his crew Ellen Eagan and Chris Stieffel earned four first place finishes in the six-race round robin series, one of them a dead heat with the closest competitor Chris Christman of Southern Yacht Club.

Extreme wind and tide conditions Saturday morning threatened to call off the Series, as unexpected storm winds disturbed the Bay and put a large portion of the club grounds under water. Patience was rewarded, however, and by mid-afternoon Race Committee Chairman Basil Kennedy was able to conduct two of the races in a moderate southerly breeze.

Christman won the first two races, finishing the day with a sizable lead over Eagan who was disqualified in the second race.

Eagan came back strong on Sunday winning all four races to secure his victory.

FINAL STANDINGS:
Bay Waveland Yacht Club - Bubby Eagan, crew Ellen Eagan, Chris Stieffel 28.375
Southern Yacht Club - Chris Christman, crew Gerard Sonier, Pearson Potts 25.65

New Orleans Yacht Club - Benz Faget, crew Michael Heyd, Carl Herman 25.20
Pontchartrain Yacht Club - Greg Reardon, crew John Kramer III, Gary Schoen 18
Pass Christian Yacht Club - Coco Lafaye, crew David Luck, David Burwell 15
Gulfport Yacht Club - Scott Weatherly, crew Homer Bell, George Bodie 14

SEARS SUNFISH - Leslie Weatherly of Gulfport Yacht Club was the winner of the Sears Cup single-handed Western District Eliminations in Sunfish sailed concurrently with the Scot Series at Bay Waveland May 11 and 12. In the six-race (one throw-out) series Leslie had a perfect score with five first place finishes. Rod Stieffel was second with four seconds and a first. Kenny Moran of Southern Yacht Club was third.

The first three in both the Flying Scot and Sunfish classes have qualified to compete in the Sears Quarter-Finals, which will be sailed at Southern Yacht Club June 15 and 16.

SWISA - Buzzy Heausler won a very impressive victory for De La Salle High School in New Orleans last week-end and became the new champion of the Southwest Inter-Scholastic Sailing Association. The SWISA Regatta was sailed in Tulane University's 420's on Lake Pontchartrain.

Ten high schools participated in the eight race series. Heausler and crew John Christman were not slowed down by the fact that they had never sailed 420's before, as four out of their seven finishes were firsts.

Finishing second in the SWISA was Timmy Maloney of Country Day. The defending champion, Dwight Horton of Richardson High School in Dallas, finished third.

PASS CHRISTIAN YACHT CLUB INVITATIONAL REGATTA - Saturday's races were cancelled due to the storm winds and a two race series was held Sunday. Woody Stieffel with crew Cindy Stieffel and Susie Kergosien won both of the Flying Scot races. Chuck Breath with Kay Kergosien and Ed Turnipseed crewing was second in both races. Third place went to Ellen Andre; fourth, Rosalie Ambler.

In the Sunfish Marc Eagan was first in the Senior Division with Charlie Staehle second. Wallace and William Weatherly of Gulfport Yacht Club were first and second in the Junior Sunfish Division.

JUNIOR DANCE - The Juniors had a great crowd of members and guests attending their dance Saturday night at the Club. Music was furnished by "Mad Dog".

BAIL THE BILGE - Another evening of bailing the bilge is scheduled for May 18 Saturday, from 6:00 to 8:00. Hosts for this informal cocktail party will be Mr. and Mrs. Gerard Ford, Mr. and Mrs. Numa Snider, Mr. and Mrs. Gerald Townsend, Mr. and Mrs. Walter Gex III, Mr. and Mrs. George Sorensen, Mr. and Mrs. L. H. Ott.

SNACK BAR - The Snack Bar is now open on week-ends for the convenience of members to enjoy lunch and drinks on the lower deck. Daily hours will be announced later.

CAT ISLAND CRUISE - May 25 and 26. This is a great week-end of fun as a large group of members and friends cruise out to Cat Island in a variety of boats, power and

sail, to rendezvous in Smuggler's Cove for a barbecue on the beach. Some of the boats are planning to leave BWYC Friday. Those who are planning the Saturday morning departure will meet at the Club Friday May 24 at 7:30 P.M. to discuss time of sailing.

GYA SPRING REGATTA - Buccaneer Yacht Club will host their annual Spring Regatta on May 18 and 19. Sailing for Bay Waveland will be Charlie Staehle, Woody Stieffel and Chuck Breath.

CANDLER CUP REGATTA - St. Andrew's Bay Yacht Club in Panama City on June 1 and 2.

CHAPMAN REGATTA - June 8 and 9 at Biloxi Yacht Club.

Schedule of Races for May 18 and 19

KANTCHA KETCHUM

By L. S. (Doc) Elliott

Saturday and Sunday were two more days no good for fishing with high tides, high winds and rain it was useless to venture out. Can't understand why the tides remain high in the afternoons. Any one who does fly fishing and casting for fresh water fish (perch and bass) might as well stay home when the tide is high. It is O.K. if it is high and starts falling.

Salt water fishing is getting better right along. It was reported that some nice speckles were caught out at Telegraph Keys and reds were gotten out in the marsh. The water moving in along the bridges showed a real clear look the past few days. The end of this month should usher in much better fishing especially along the bridges and the seawall. A few, very few soft crabs are being caught at this time. Again low tides at night should help conditions for catching the prized soft crabs. Haven't heard of any flounders being speared. April and May are usually the best months for getting soft crabs. Something is wrong, is all I can say.

Speaking about red fish, Larry Ladner and Tom Capdepon caught 14 averaging from six to eight pounds one day last week at Grand Pass. Reds this size are the best for eating. They can be baked or even fried when fileted.

Dick Mestayer has made several trips down to South America. He was telling us of the catfish in that area. They are called "walking catfish" and are caught in the grass.

The Ladies Golf Assn. of Diamondhead held a tournament from the 6th of May through the 9th. The new champion of the club is Mrs. Marvin Dobson, and runner up Mrs. Lloyd Ladner. Mrs. Eddie Engelhorn is publicity chairman. The club is really active and other events will be coming up.

Did you know that birds perch more before storms because low-pressure air is less dense, making it harder to fly?

Mothers' Day get-togethers, house parties, and barbecues kept a lot of sportsmen home from fishing, golfing, and boating Sunday.

Rusty and Laverne Russ had a barbecue on Mothers' Day entertaining Mr. and Mrs. Ames Russ, Aunt Myrt and son Charlie, Mr. and Mrs. Joe Cacoppo and Sam and Jerry Cacoppo. A good time was enjoyed.

Another barbecue was held for members of the Sezenau families. All mothers held the limelight.

Was interesting talking to Ed Nelson. Ed was born and raised in Devil's Island Swamp and knows that section like a book. We are going with him to learn where some lakes are in that area where lunkers are caught. Lunkers is the word used for big bass. He also does a lot of hunting.

Vic Schwartz and Joe Leddy are two of his fishing and hunting buddies.

Rocky and Bernie Wyatt said they caught a hamper of hard crabs off the seawall the other day. They are ardent crabbers.

Dr. and Mrs. Robert Akers are visiting in Florida on St. George Island. They will do some fishing, golfing and swimming with their daughter and son from Tallahassee, Fla. and will meet friends from Tylertown, Miss. and

Jack Brown of the J & A Janitorial Service Co. hopes to get a little more time off so that he can do more fishing and crabbing.

J. Burton Angelle, director of the Louisiana Wild Life and Fisheries Commission, announced that the commission has set the opening of the 1974 season for shrimp trawling in inside waters for May 13. The action took place at the regular monthly meeting of the commission in New Orleans.

The date was selected, following a briefing by Dr. Lyle S. St. Amant on the latest available biological data obtained by commission biologists, which indicated that the spring crop of Brown shrimp would be of marketable size by that date. Dr. St. Amant told the commission that the inshore movement of post-larval shrimp had been early and that growth rate had been good, until it was slowed down slightly by cool weather. Salinities were reported good and if they improve during the next two weeks and warm weather prevails growth rate will be accelerated.

According to reports the shrimp season should be a good one this year. Maybe folks can buy shrimp a little cheaper for both eating and fishing.

Another Mothers' Day outing was enjoyed Sunday when Mr. and Mrs. Morris Daniels and four sons picked up Mr. and Mrs. Anthony Enterante in New Orleans and Margie. Deck Elliott in Bay St. Louis in their mobilhome to enjoy a day on the coast. The group had dinner in Gulfport and visited Mr. and Mrs. Ree Elliott there.

The director of the Louisiana Wild Life and Fisheries Commission revealed that the Commission's Oysters, Water Bottoms, and Seafood Division began a \$275,000 shell planting program for oyster cultch at two locations within the state's oyster seed ground areas on May 6, with monies made available through the Resource Disaster Section of the Commercial Fisheries Research and Development Act, Public Law 88-309 as amended.

Angelle said a total of 1,200 acres will be planted in the two areas east of the Mississippi River: The Bay Gardens reservation in Plaquemines parish will be approximately 800-900 acres and the Petit Pass Island area will be 300-350 acres.

This massive planting

operation is aimed at increasing seed oyster stocks to a point where the oyster industry will have a better than average opportunity to increase its overall ability for production of marketable oysters.

Several boats that went out to the marsh Saturday morning were unable to return until Sunday due to the stormy weather which hit this area Saturday night. Rough, and high tides were the cause. All boats returned safely it was reported.

St. Ann's Parish Fair is the next event coming up. The fair will take place at Clermont Harbor, Miss. With the drawing for prizes to take place June 9 at the fair. Make plans to attend and have a good time. The dates for the fair are June 8 and 9.

Frank Schoon maker is another of our local fishermen who goes whenever he can. He said all the hours he works he would put into fishing if he could. There is nothing better.

Cliff Foster, Sr., Cliff Foster, Jr., and Theo Renner of Stuttgart, Germany are spending a week in Bay St. Louis fishing and crabbing. Both young Foster and Theo are retired from the army. Foster, who is retired from the U.S. Army, and Renner from the German Army, have been friends for years. Both had groups throughout the nation upon request, announced President Clifford H. Kern, Jr.

The 41 minute film is in 16mm, color and sound, and features the National football championship match between Notre Dame and Alabama. Other features of the Sugar Bowl film include scenes of the brilliant and sparkling pre-game and half-time pageantry at Tulane's Sugar Bowl Stadium, along with the

SPORTSMAN OF THE WEEK - Walter Tanguis is another of our local fishermen who has been fishing and hunting in these parts for a long time. He says he likes all kinds as long as it's fishing.

Gee, that's neat!

Bruce Cabell and a rather impressive trophy were the subject of more than a few admiring looks from school mates Friday night at Our Lady of the Gulf School's awards banquet. Cabell, son of Mr. and Mrs. Fred Cabell, 414 St. John St., Bay St. Louis, received the Coach's Award, the highest honor given any student who has participated in school athletics during the year. Cabell participated in all four sports at OLG.

Sugar Bowl classic available on film

NEW ORLEANS, LA.

Movies of the 40th annual Sugar Bowl football classic and other events on the New Orleans Mid-Winter Sports Association's calendar of sports are now available to schools, clubs and other groups throughout the nation upon request, announced President Clifford H. Kern, Jr.

The film was produced by Pan American Films of New Orleans and narrated by Al Wester, local sportscaster who broadcasts Notre Dame, NFL football, and the College All-Star game, and is the voice, along with Van Patrick, of the Mutual sports radio network, besides his current

highlights of the tennis and regatta events, plus the dazzling basketball play of the University of New Orleans, Memphis State, Villanova and NCAA champion North Carolina State.

In filing request for use of the film, interested groups are asked to give a preferred and an alternate date to facilitate booking.

Films of previous Sugar Bowl classics are also available on request. Tickets for the 41st Sugar Bowl football classic on Tuesday, Dec. 31, 1974, as well as the basketball tournament on Dec. 29 and 30, can now be ordered by mail through the Sugar Bowl office, 510 International Building, 611 Gravier St., New Orleans, La. 70130.

The chances are you will be using more electricity during the hot summer months.

Here's how to get maximum efficiency when running your air conditioner!

For economy, set the thermostat at the highest comfortable temperature (usually about 78°).

THERMOSTAT SETTINGS

| DESIGN SETTING | 78° |
|----------------|-----|
| At 77° | |
| At 76° | |
| At 75° | |
| At 74° | |
| At 73° | |
| At 72° | |

HOW MUCH YOUR USAGE INCREASES WHEN YOUR THERMOSTAT IS BELOW 78°

| |
|------------------|
| You use 8% more |
| You use 18% more |
| You use 28% more |
| You use 39% more |
| You use 50% more |
| You use 63% more |

For economical air conditioning —

Fan setting: Operate as you like best. "Auto" gives better humidity control and economy. "On" gives more uniform air motion, sound level and temperature.

Away from home: Set unit at 5° to 10° above normal setting with fan on "Auto" for mildew protection and quick comfort when you return.

Filters: Replace frequently. Clogged filters make unit work harder and cause higher operating costs.

Outdoor section: Keep clear of plants and obstructions.

Return air grill: Don't block air flow with furniture or drapes.

Windows and doors: Shut out heat from the sun with drapes or outside shading.

Insulation: Adequate insulation and proper attic ventilation will result in lower operating costs.
